MOTHER IS NOT HERE. SHE IS WITH JESUS!

Mother is dead. A few months ago you prayed for her, Brother Coe, and God healed her, but now she's dead! I wrote you an article which was published in **The Herald of Healing** concerning her being healed of asthma and heart trouble, but now she's dead. Over and over again, hundreds and hundreds of times the thought has come to my mind when I think about her in the present tense. "But she's dead!" Sometimes I can't grasp it. At other times it grips me. Sometimes I forget it. At other times I'm so overcome with it I cover my face and cry.

I remember how she sacrificed for me. She was a wonder, a miracle. She could produce the answer to every need of my childhood life. When I was restless and wanted to go, she would sing some of the quaint, old songs of her girlhood days, and I would settle back content by her side. I remember when I needed some money to get something I wanted very much; she got a loan on her string quilts and bought it. I was so proud, but now they're gone. It and mother both. It doesn't matter so much, but O, I miss my mother.

Mother loved Pentecost. She prayed me right into it. I was a member of a popular church and didn't want to change. None of those tongues for me! Mother had been praying for some time, "Lord, I'm not asking that you make him Pentecost, but lead him to the right church, to the place you'd have him." She asked our neighbors to pray with her and the church also. I was in the Air Force when this praying began. Sometimes I would feel the power of God to lead me; at other times the power of Satan guided my soul. I began to drink and do all the sins of the damned. I enjoyed the "pleasures of sin for a season," but when the evil Tempter would let up for a while, the power of God would convict my heart and make me miserable. I decided that I would settle down again when I got out of service, so I continued in my godless ways. One weekend I went off and spent my time as usual: running with the wrong crowd, going to the wrong places, doing the wrong things. When I got back

to the base, the news hit me in the face: "We're at war!" The communists are fighting nationalists in Korea. Every day I lived in fear that all discharges would be frozen, and I would have to go on living that hell-bound life. But God heard the prayers of my mother and her friends, and I got out ten days before all discharges were cancelled for another year. Shortly thereafter the Lord dealt awfully with my soul, and I confessed my sins and received the gift of the Holy Ghost. Mother was thrilled through and through. My brother was already in Pentecost, and now another had come through. Later two of my sisters came to Jesus and the baptism in the Holy Ghost; others claimed Pentecostal preference.

Mother loved my preaching. She thought it was unsurpassed. (I guess that's a part of motherhood.) She thought my songs were jewels from heaven clear as the angels' songs. We lived together for a while, she and I; we sacrificed and were happy. I've heard her say it was the happiest year of her life. The natural desire of a home of my own took us apart, but I can never forget how she loved to do things for me. My wife will never get a greater thrill than she got just doing for me. It's too bad we have to wait till the Reaper reaps before we realize the treasure we have here.

One day the enemy struck! The long-time disease of asthma was making a desperate bid and mother was making a desperate struggle. She got worse from day to day. Sleep vanished; time stopped; only the haunting asthmatic wheeze created an atmosphere of weird music for the march of a black-robed intruder. My brother and I put mother in a car and started for the hospital. By the time we had driven a few blocks to the fire station, mother was tearing the air with her hands and rocking backwards and forwards. We fanned desperately. We seized the opportunity to give her some oxygen at the fire station, but she fought it and groaned, "Don't." I ran and called an ambulance; mother was dying. That

Will Russia Invade America

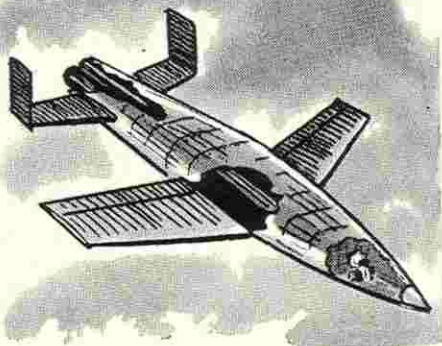

A Sermon Preached in Dallas, Texas

By **EVANGELIST JACK COE**

Matthew 24:22. And except those days should be shortened, there should no flesh be saved; but for the elect's sake those days shall be shortened. The Bible said unless these days be shortened, the days we are living in right now, there wouldn't be any flesh saved. Now I use to think that meant souls, but it doesn't say souls saved! It said there won't be any flesh saved. But for the elect's sake God's going to shorten these days so He will still have a people to come back after when He comes back again. Everybody realizes we are living in the end of time, and not only Christian people realize that these are the last days, but even sinners realize it is the last days. They believe that man is going to commit suicide and kill himself by some of the inventions that he has made. Somebody said to me just today, Brother Coe, do you believe God is going to kill masses of people; thousands of people? No, I don't believe that! I believe you are going to wipe yourself off the face of the earth. I believe because your sins are continually before your eyes and your deeds are continually evil that you're going to kill yourself and commit suicide and die without God. God's not willing that any should perish, but that all should come to repentance. Let me tell you something. Some of the smartest men in America are full of fear tonight of the things that they have already created. This earth is going to be destroyed by fire. I'll read it to you out of the Bible. "But the day of the Lord will come as a thief in the night, and the heavens shall pass away with a great noise, and the elements shall be melted with fervent heat and the earth also and the works that are therein shall be burnt up." That's the word of God. Now there are a lot of preachers running around over the country preaching that's the dropping of the atomic bomb. That is not talking

about the atomic bomb, that's God talking! God said, "I'm going to destroy the earth, and the works thereof." Science says that within five years, the people of the earth will kill each other by weapons that they have made. That means Jesus is coming before five years, because my Bible says He is going to have people on the face of the earth when He comes and they are going to be living here on the earth when He comes again. I wouldn't stand up here and tell you that you're not going to go through any tribulation; Somebody taught in my church awhile back (God help me for ever letting them teach) that there wasn't going to be any tribulation period; that it was going to be done away with; that the seven weeks of Daniel were already passed. That is a false doctrine! There is a tribulation period coming. The anti-Christ is going to set upon the throne and wars are going to increase and not decrease! Let me tell you something. We're getting ready to go into one of the biggest defense programs we've ever went into. I just came back from a trip through Missouri! Big atomic plants are under construction right now. They are building airplane factories. There is going to be one of the biggest inflations you have ever seen. The Republican party could not afford to let another depression come.

I want to show to you that the atomic bomb is the cause of these earthquakes and I want to show you that the atomic bomb is the cause of that tidal wave that swept England. Man has gone too far! He has gone into the world of God. He's gone into atomic secrets. We know everything on the face of this earth is made from atoms and man has come to the place where he causes atomic explosions that rock the earth. This old earth is moving on an axis, and when these big explosions take place out here in the desert I'm convinced that is the reason for the droughts right now. It is the thing that is causing the earthquakes at the bottom of the ocean. I read an article by scientists who said they were afraid to tell the American people what they actually found out about the earthquakes. Scientists know now before every earthquake hits. Did you know they can tell you two or three

Secret Russian Atomic Bomber

or four days ahead that there is going to be an earthquake. And the Bible said there will be earthquakes in divers places. An earthquake at the bottom of the ocean caused the tidal wave to sweep England. After the next big atomic explosions, Florida is going to have a tidal wave, San Francisco and Los Angeles is going to have a tidal wave, New York City is going to be practically destroyed. The UNO headquarters is going to be wiped out. Why? Because the UNO headquarters is trying to do everything that Christ is supposed to do when He comes back to earth. They forgot Christ! They put men in there like Algier Hiss that didn't even bow their head in San Francisco to pray for God's blessing to be upon us. You cannot forget God and expect God to bless.

Russia has disease germs to turn loose on America! Russia has enough men in America and many ships at

sea ready to turn disease germs loose and our people are going to be afflicted with diseases of all kinds. Russia has a secret Rocket Ship that flies 16 thousands two hundred miles an hour; it can fly to New York and unload its bombs easily! That rocket ship can fly 63 miles straight up. In the front of this rocket ship is a suicide pilot. It weighs a hundred tons. It carries three tons of hydrogen or atomic bombs.

They held our boys out of Berlin when we could have gone in and taken all the secrets from them. We could have taken all the top scientists from Germany, but we were sold down the river to the Russians to go in and take them. Tonight our hearts are filled with fear. Why? Because we were sold out to communism. Hitler had the plans to drop this thing in New York City. That would kill 10 million people. It would flatten New York City. It would wipe out everything for 100 miles around. We have always prided ourselves in saying, "America can stop anything." There is not a thing that can stop that Rocket flying 16 thousand 200 miles an hour! We don't have a thing to stop it! There's only one hope and that's for the American people to get on their knees and to pray for God to spare America. He said unless I shorten these days there won't be any flesh spared, but for the elect's sake I will shorten these days! On the tail of some of them is a hammer and a sickle. Two American Airline pilots down in Georgia said one of these things passed them, it looked like a cigar, it was shaped like a cigar, flying at such a tremendous speed that it rocked the airplane. One of them was

seen all over the place. When this thing took off, the green and blue smoke that came from its motors made the people deathly sick and they went into town and got the sheriff to go out to where they saw this thing take off. They called it a monster. The sheriff went to the spot where they saw this thing take off and he became sick when he got there. He got eight more people and brought them out there and they got sick. Some people preach that all these things are warnings from God. I do believe there are saucers in the air that are warnings from God, but, brother, this is not no warning from God! This is Russia's and she is flying all over the American country. Let's don't be idiots! We're living in the last of the last days! We're living in the time when mothers are turning against their own sons. We're living in times when sons are turning against their own mothers and fathers. The Bible said brothers shall betray brothers and the fathers and children shall rise up against their own family and shall cause them to be put to death.

Communism is stirring the hearts of people here and brother it is not only in the communist people's hearts but it is in the hearts of everybody today unless you fight against it. Did you know preachers are rising up against each other? Did you know people have said the Lord has delayed his coming? It is time for me to get up and smite my fellow servant. It's time for me to talk about him. People are never more discouraged than they are today. Did you know almost every preacher in the country is shaken? There are many

people looking to the church for comfort and finding none. They are finding a pleasure-loving church that believes in socials and pie suppers! People are standing hopeless and saying, "My God, where is the Power of God?" "Where can I go to find assurance for my soul?" The Bible says women would leave their natural affections and would turn to other affections! There are lots of women who love a poodle dog more than they love a kid.

They teach the little children in Russia to get down and pray to God to send cookies to the class rooms and after the teacher has them to pray for God to send them cookies and no cookies come, then she says pray to Malenkouf and ask him to send us cookies. All the little kids prayed to Malenkouf and immediately the door opens and in walks a bunch of Russian soldiers with boxes of cookies. They give them to all the children and the teacher says "see, the God of the American people is not real! But Malenkouf is a good God. He heard your prayer when you prayed." Let me tell you something they are not only drilling that into the hearts of children, but they are working day and night to infill it into every labor union and everything else in America.

Russia is ready with her secret police and more! Stalin before he died had plans to start a push button war. Will Malenkouf carry them out? Already Russia has two million troops on every border on a two thousand mile front. All Malenkouf has to do is push the button to send it off. We just came through one of the bloodiest

wars we've ever seen, but we are just winding up tonight to go out of that blood-shed into the greatest blood-sheds we've ever seen. I told you the war in Korea would end in four months time. It is, lacking 10 days tonight being four months (I've got 10 more days for the Korean war to come to an end). We could have won the war in Korea two years ago, it's the biggest bunch of foolishness we have ever went through, it's the biggest bunch of wasting of our boys blood and shedding of blood that we have ever been in. When MacArthur pushed them past the 38th parallel he was stopped by Truman because they didn't want the war in Korea to end. Stopped them at the 38th parallel and made them stand there until the Red troops could get set again and be ready to fight again. Then you know the story! They drove us back across Korea and almost into the sea. They killed thousands of our boys. MacArthur made a comeback with insufficient men and insufficient equipment and all the best equipment was over here in this country. Whether you like it or not I'm going to preach the truth. Why didn't they let him drop bombs where the Red supplies were? If they had let him bomb them we could have wiped them out. They kept protecting the Russian ships, so we could deliver goods to the Reds! We could have taken two A-bombs two years ago and war would have been over with. Truman said you can't drop the A-bomb without the permission of the UNO! I thought it was the taxpayers of America that it belonged to. They said we can't do it to the Russian or Reds because they are our buddies! They're killing our boys; slaughtering them! The blood of more than 40,000 boys drenched the soil in Korea! How do you like that? One hundred and twenty thousand tons of ammunition taken from Red China was dumped in the middle of the ocean. Rather than give it to free China when Nationalist China offered to give men to fight in Korea, they said, "If China gives any men to fight in Korea, kill them." As soon as the old dogs saw that we was going to win the war in Germany, they began supplying Japan with ammunition and all the American supplies we

Russia's Plan of Conquest in Europe

were sending to Russia, they began sending to Japan and I can prove it. I've got the pictures of ships that were unloading some of that stuff. As soon as Russia saw we were going to win the war, you know what they done? They went down and took China themselves. Then they used our ammunition and the other things to supply the Red army to fire back at us in Korea. Why, somebody said, "if we had of dropped the atomic bomb we would have started world war three!" It's going to start anyhow! Two years ago Russia wasn't prepared for it but she is prepared. I want you to look at something. Two million of the best trained troops, troops that are equipped to fight in cold country. They have a giant central air base in Russia, and all planes are flying from that central air base. They have troops all along near France, Germany, Italy and Greece. All they have to do is come down from France into Spain. They have troops ready to go across Turkey, when they get to Turkey and through Iran. Then they'll move on through Iran down into Palestine. I am a firm believer that when Russia attacks, her first attack will be down through Iran and Palestine. Somebody says, "Brother Coe, I thought you said she was going to attack New York City." All of that is going to be part of it. I believe she is going to bomb the coastal areas of America, but where Russia is going to fail is whenever she attacks this little country of Palestine! Russia is going down. I'm going to tell you what is

going to happen to Russia. When Russia comes down to the plains of Megiddo and the valley of Jehoshaphat, that is going to be the battle of Armageddon. Five out of six of the Russian army is going to be killed in that battle. Russia is going to wade blood up to their bridles in the valley of Jehoshaphat, and they are going to be using wooden instruments of war, riding on horses. Already the horses are stationed here with the army and everything is ready to roll! Russia has found a wood that is harder than any other and Russia has made wooden instruments of war. Why wooden instruments of war? Because wood is the only thing that radar can't pick up! When Russia attacks, she is going to come right there on horseback (like the Bible says in Ezekiel 38) using the wooden instruments of war. We're living in a mighty, mighty shaky period! Russia is ready to go and whenever Russia attacks we are going to see every nation rise up and go down to Palestine. You're going to see them come up through Palestine and they're going to meet the Russian army. You talk about the abomination of the desolation spoken by the prophet Daniel. It's going to happen right there.

The awful Korea war is only a trial ground that is getting ready for the big push, and then there is going to be seven years of tribulation. That old jerk of a devil is going to be bound and cast into a bottomless pit for a thousand years, and then he is going to be loosed for a season, go around and to try those that came through the tribulation period, and then we are going to have a great white throne judgement! Everybody is going to stand before God to be judged! I'll tell you something tonight if you never did get a square deal buddy, you'll get one when you stand before God, He judges everybody square. He'll take the laugh off your face, he'll take the smile off your face, he'll take that sneering "devil look" off your face when you stand before Him. The Bible says, "Every knee shall bow and every tongue will confess." Your old tongue will start confessing then, I guarantee.

Bless God, there is going to be a host up there standing with Him, looking on the whole thing. They are

going to be like the sands of the sea, without number. Glory to God, they are going to come back riding on white horses. He is going to make Kings and Priests out of us. Glory to God, we're going to come riding back! He said He looked and He saw the new heavens and the new earth, coming out of heaven as the bride adorned for the groom. It will have 12 gates, and we will go in and out those gates and bless God, we will set by the tree of life and eat grapes as big as watermelons and twice as sweet!

Let me read you some scripture! But beloved, be not ignorant of this one thing, that one day is with the Lord as a thousand years, and a thousand years as one day. Many of you run around saying "My grandmother talked about Jesus Christ coming back to earth but he hasn't come yet." God is not slack concerning his promise, but is long-suffering toward us, not willing that any should perish, but that all should come to repentance. Knowing that all these things are going to be dissolved, what manner of person ought you to be, in all holy conversation in Godliness, not talking about each other, but going around with Holiness to God; the kind of person you ought to be, hastening the coming of the day of God wherein the heaven, being on fire, shall be dissolved and the elements shall melt with fervent heat. Nevertheless, according to His promise we look for a new heaven, and a new earth where we live in righteousness. Wherefore beloved, may we be found of Him without spot and blemish! In other words get right with the Lord! What do we care what they do over in Russia? In Him I stand with peace in my heart. When the buildings fall into the street, bless God Jesus and I will go walking on top of the rocks and buildings as I'm going high some day, I'm going higher to stay! Over the clouds and into the sky, where there is no sickness or death. Loved ones will meet in that sweet by and by. How many are looking to go higher some day? I want to get closer to God before all this takes place! If this message has made you fear, you're not where you ought to be with God!

Photograph from old Herald of Healing magazine showing Cushing, Okla., Healing Meeting which was conducted by Rev. Jack Coe in 1946. Huge crowds attended nightly.

Going back through my files through some of the old letters and papers that I have, the other day, I ran across the picture of the great Cushing meeting which took place in a high school auditorium in Cushing, Okla., in 1946. A lot of people have asked how old is the Herald of Healing paper and what was the first healing paper. **The Herald of Healing Magazine was the first all healing paper that I know of that was published.** Our first publication was in July, 1945. God laid it upon my heart to start an all healing paper, and I was at that time praying for the sick in Broken Bow, Okla. Brother Clifford Burkett was traveling with me, and soon after that we went to Cushing, Okla., which is the picture above, showing the large crowds that was gathered. How people's hearts were stirred when the ears of the deaf were opened, the blind could see, and the lame could walk. We saw mighty healings and mighty outstanding miracles in this meeting. Different ones have written

me asking me which was the oldest healing paper published. For a long time the Herald of Healing paper was out of circulation; for about two years I was in the Voice of Healing, published by Gordon Lindsey. Our feelings are still good toward the Voice of Healing. God has his hand on Brother Lindsey and he is doing a great work, but I felt led of God to revive the Herald of Healing paper and bring it back into existence again. Since that time God has certainly blessed us! We have reached 40,000 circulation, and by the end of this winter, we expect to go to 100,000.

I noticed a recent Pentecostal Evangel that was full of messages on Divine Healing. After reading the Evangel, the question entered my mind, why the General Superintendent, Brother Gayle Lewis made a statement before Brother J. E. Wilson, Brother Gordon Lindsey, of the Voice of Healing and Brother Velmer Gardner that

Brother Branham's power, that he received, was of the devil, and that he had been to cheap vaudeville before the Lord had saved him where they had men on the platform that used that same cheap psychology and foretold people's future. I can not understand how they could write a message indorsing Divine Healing, yet on the other hand fight men like Brother Branham, who everyone knows is filled with the Holy Ghost. God has blessed his ministry in such a marvelous way. To think that the superintendent of the Assemblies of God, would make such a statement as that. If any reader doubts this, why don't you ask Brother Gayle Lewis if he did or did not make this statement? Why doesn't some of the ministers ask him to get up on the floor of the Council Meeting which is about to take place and make the statement in the Council Meeting (whether he did or did not make such a statement as this against Brother Branham.)

Brother J. Russell Flowers has been voted in as Councilman for the City of Springfield, Mo. It looks like politics is not only taking over the Assemblies of God, but even the Assemblies of God is going into politics. That was just a word of what politics is doing in Springfield, Mo. I understand that at this next General Council Meeting that they already have plans to declare all the offices of the assistant superintend-vacant! The reason for this is that they feel like many of the men that they want to get in as assistant superintendents will not make the election this time. So they are declaring these offices vacant and are going to try to pass a bill at the next general council of the Assemblies of God, declaring the assistant superintendents office vacant and then let the general presbyters appoint the men to fill these positions! They will still have the same pay and it will still be the same men who will be appointed to the assistant superintendent's job.

Rev. J. O. Savell had a message in the Pentecostal Evangel saying that he believed in Divine Healing, but never once did he say whether he did or did not believe Divine Healing was in

the atonement, I think that the question ought to be asked Rev. J. O. Savell and have him state from the council floor what he does believe (not to evade the issue). I think it is time that every Pentecostal minister took his stand for the things that are in the atonement. I think this point should be brought out clear and this question should be asked Rev. Savell, I feel like you ministers who go to the council ought to demand that this question be answered. I know a lot of preachers and people feel like that I am bitter when I tell these things that are going to happen, but those that feel that way like to cover up some of the things they are doing, Ahab said don't get that fellow to come and prophecy for me, because every time he comes he doesn't prophecy well. There is a lot of people who do not like to hear me prophecy, because I tell the truth about them. In Jesus day when he preached it straight, they rent their clothing and threw dirt in the air and say let's push him over a cliff.

The Bible said he escaped out of their midst. There are lots of people who would like to push me over a cliff, but thank God, God won't let them, and he will protect me, and I will escape out of their midst every time. I understand this General Council that they are going to put emphasis on evangelism. They should have been putting the emphasis on evangelism for the past 40 years. You can't put emphasis on evangelism through boards, committees, and having dinners. Evangelism begins in the hearts of the people and preachers. Moody said, "Get the fire in your heart and in the pew, and people will come out to see you burn."

APOSTLE PAUL REJECTED BY MISSIONARY BOARD

(A Famous Unwritten Letter)

By permission of American Soul Clinic,
Los Angeles, Calif.

Rev. Saul Paul
Independence Missionary
Corinth, Greece

Dear Mr. Paul:

We recently received an application from you for service under our Board. It is our policy to be as frank and open-minded as possible with all our applicants. We have made an exhaustive survey of your case. To be plain, we are surprised that you have been able to "pass" as a bonafide missionary.

We are told that you are afflicted with a severe eye-trouble. This is certain to be an insuperable handicap to an effective ministry. Our Board requires 20-20 vision.

At Antioch, we learn you opposed Dr. Simon Peter, an esteemed denominational secretary and actually rebuked him publicly. You stirred up so much trouble at Antioch that a special Board meeting had to be convened in Jerusalem. We cannot condone such actions.

Do you think it seemly for a missionary to do part-time secular work? We hear that you are making tents on the side. In a letter to the Church at Philippi, you admitted that they were the only church supporting you. We wonder why.

Furthermore, you have not graduated from our seminary, and you know we cannot have our mission board represented by one who is not a graduate from a recognized university. We cannot recognize the three years you spent in Arabia and Damascus because the schools are unknown. Our Board does not recognize private tutors such as you claim you have had.

Is it true that you have a jail record? Certain brethren report that you did two years time at Caesarea and was imprisoned at Rome.

You made so much trouble for the business men at Ephesus that they refer to you as, "the man who turned the world upside down." Sensationalism, in missions is uncalled for. We

also deplore the lurid "over-the-wall-in-a-basket episode at Damascus.

We are appalled at your obvious lack of conciliatory behavior. Diplomatic men are not stoned and dragged out of the city gate, or assaulted by furious mobs. Have you ever suspected that gentler words might gain you more friends?

Again you have disclosed sordid personal affairs of your past life, such as punishing the saints. This borders on sensationalism.

I enclose a copy of Daius Carnegus' book, "How to Win Jews and Influence Greeks."

In one of your letters you refer to yourself as, "Paul the aged." Our new mission policies do not envision a surplus of super-annuated recipients.

We understand you are given to fantasies and dreams. First you said a "bright light from heaven" caused you to fall to the earth, then you heard a voice calling YOUR name. And at Troas, you saw "a man of Macedonia" and at another time you were caught up to the "third heaven," and even claimed, "the Lord stood by you." We reckon that more realistic and practical minds are needed in the task of world evangelization.

You have caused much trouble everywhere you have gone. You opposed the honorable Greek women at Berea and the leaders of your own nationality in Jerusalem. If a man cannot get along with his own people, how can he serve foreigners?

We learn that you are a snake handler. At Malta, you picked up a poisonous serpent which is said to have bitten you, but you did not suffer harm. Tsk . . . Tsk . . .

You admit that while you were serving time at Rome, that "all forsook" you. Good men are not left friendless. Three fine brothers, Diotrefes, Demas, and Alexander the coppersmith, have notarized affidavits to the effect that it is impossible for them to co-operate with either you or your program.

We know that you had a bitter quarrel with a fellow missionary Barnabas. Harsh words do not further God's work.

You have written many letters to churches where you have formerly been pastor. In one of these letters

you accused a church member of living with his father's wife, and you caused the whole church to feel badly; and the poor fellow was expelled.

You spent too much time talking about "the Second Coming of Christ." Your letters to the people at Thessalonica were almost entirely devoted to this theme. Put first things first from now on.

Your ministry has been far too flighty to be successful. First Asia Minor, then Macedonia, then Greece, then Italy and now you are talking about a wild goose chase to Spain. Concentration is more important than dissipation of one's powers. You cannot win the whole world by yourself. You are just one little Paul.

Another episode of yours we do not approve of is that forced diet you placed upon all those soldiers and the ship's crew. You called it a fast, but you should know that doctors say that total abstinence from food is very harmful to the body.

In a recent sermon, you said, "God forbid that I should glory in anything save the cross of Christ." It seems to us that you also ought to glory in our heritage, our denominational program, the unified budget and the World Federation of Churches.

Your sermons are much too long at times. At one place, you talked until after midnight and a young man was so asleep that he fell out the window from the third story and was taken up dead, but you were reported to have restored his life by falling on him and embracing him. Do you expect us to believe that? We want practical men. You should have called a physician and had a rigid physical examination made and not been so inhuman. "Stand up, speak up, and shut up" is our theme.

Dr. Luke reports that you are a thin little man, bald, frequently sick and always so agitated over your churches that you sleep very poorly. He reports that you pad around the house praying half the night. A healthy mind in a robust body is our ideal for all applicants. A good night's sleep will give you zest, and zip, that you wake up full of zing.

We find it best to send only married men into foreign service. We deplore your policy of persistent celibacy.

Simon Magus has set up a matrimonial bureau at Samaria, where the names of some very fine widows are available.

You wrote recently to Timothy that "you fought a good fight." Fighting is hardly a recommendation for a missionary. No fight is a good fight. Jesus came, not to bring a sword, but peace. You boast that, "I fought wild beasts at Ephesus." What on earth do you mean?

It hurts me to tell you this, Brother Paul, but in all of my twenty-five years of experience, I have never met a man so opposite to the requirements of our Foreign Mission Board. If we accepted you, we would break every rule of modern missionary practice.

Most sincerely yours,
J. Flavius Fluffyhead,
Foreign Mission Board Secretary.

MOTHER IS NOT HERE

(Continued from Page 1)

day I learned how selfish this world is. We drove madly with the siren screaming, but people refused to get out of the way. Mother's eyes had already set, and that glassy stare was fixed upon nothing. Her thin grey hair floated around as if it were not attached to anything, making a sort of halo. How many trips like that mother took. An asthma specialist in California admitted medical profession's inability to help her; he said also that there was nothing known that could reach her heart it was so weak.

Brother Coe, the medical world needs to be introduced to God. If they have nothing to meet the need when it gets too far along, they need to know about God. Of course, you understand, sir, because you prayed for her and God healed her. What medicine didn't know how to do, they had to admit was done. A doctor at McAlester, Oklahoma, examined mother and found no trace of asthma, and her heart was in perfect condition. Again mother began to live. She testified of God's great power. Everywhere she went she had that wonderful testimony of healing, and God blessed her for it.

Then one winter day one of my sisters took acute indigestion and lay doubled up on the floor. Mother ran five or six blocks to my brother's home, and he called a doctor. It didn't hurt mother at all at the time. I remember her rejoicing at the strength and health the Lord had given her. Then she began to take cold. It dragged on for days. I took my mother back to McAlester where she was living with another of my sisters, but the cold still held on. She was taken to the doctor, and he suggested giving her intravenous feeding for quick energy which they did. Mother began to toss and moan and acted very much as if she were suffering with asthma. She was put under an oxygen tent, but her condition got worse. When my brother and I got there, her eyes had set, and she was unconscious from the morphine which had been injected. We sat down and my sister told us how that mother had talked in tongues as she lay there. She said mother had already said good-bye to her, that she couldn't

"make it." And in her own voice, "Come and get me, blessed angel band."

I went over and called, "Momma, this is Vancel; Victor and I are here." She groaned what sounded like, "Huh?" I repeated, "Victor and I are here." She groaned a thousand miles away, "uh uh," as if to say, "O.K." On and on she groaned until I became conscience she was saying something. I stooped to hear, and there with all the misery and pain, she was saying, "Precious Jesus, precious Jesus."

The doctor came about 8:00 p.m. and told us that if she lived through the night she had a good chance of recovery. He told the nurse later that she wouldn't make it through the night. Now her breathing grew further and further apart. Her eyes half-closed she looked like she was looking right at me standing there holding the pillow up under her head with one hand and rubbing her cheeks and brow with the other. My brother was holding one of her hands, and my sister was holding the other. My sister said, "She looks like she's dead now." Mother got another breath, and we all watched anxiously for the next. After a long time I begged her to take another breath. She took a faint breath and again that long silence. Five-seventeen. Mother! Mother, mother, mother. Gone.

The day of the funeral came, and my sister came from McAlester with the body. Brother Coe, listen to this! She said an autopsy had been made and the cause could not be determined. It was neither asthma nor heart trouble. Mother just wanted to go with that "blessed angel band."

My youngest sister recently got to thinking about never seeing mother again and got to her knees and begged the Lord to save her. Then she began to seek the Holy Ghost. She was saved and filled with the Holy Ghost in her own kitchen by herself.

Is mother dead? Doesn't she still live here? Haven't we just opened our hearts and let her take up an abode in there? Some day I'll meet her face to face. There'll be so much to talk over.

Rev. Lloyd Godwin (left) and Dale Rollins

We just recently closed a revival with Rev. Dale Rollins and are still praising God for the souls that were saved and for the ones that were healed by the mighty power of God.

From night to night during the revival the gifts of the Spirit were manifested in various ways during the services and the Lord especially used Bro. Rollins in discerning various afflictions that people were bound by. After calling the affliction out the person's faith was quickened and many received their healing immediately.

I had Bronchial Pneumonia and had been to a Medical Doctor and right after this, I was doubled up with an awful pain in my hips. Then I found I couldn't raise my body above a crouch and the only way I could get around at all was with a cane.

Then I attended Bro. Rollins Healing Campaign and he prayed for me and God instantly healed me.

WHAT IS AUG. 20?

The End of the World or Rapture?

By JACK COE

Disobedience to parents, unholy, without natural affections, false accusers, fierce, dispisers of those that do good. If this doesn't describe this present world, brother, I don't know what does describe this old world! Traitors, haughty, high-minded, lovers of pleasure more than lovers of God. Having the form of Godliness but not having the power thereof; from such turn away! A lot of people run around over the country and say they don't believe that God gives people Prophecy, that they don't believe people can know what is going to happen. There are many pastors in the city of Dallas that rebuke men for telling people what their diseases are. There is one particular church leader in Dallas, backslidden in heart, that told some of the men that were discerning the diseases in people's bodies, "If you can tell me how much money I have got in my pocket, I will see that you get papers with the General Council, but if you fail to tell me how much money I have in my pocket I don't believe you can discern diseases!" I believe the word of God when it said in the last days I shall pour out my Spirit upon all flesh and your sons and your daughters shall prophecy, they will tell what is coming upon the earth. One preacher in the city of Dallas got up in the pulpit and he said "I am a prophet. Every time I preach, I prophecy. Every sermon I preach is prophecy. Prophecy is preaching!" That poor old boy needs his head examined. Prophecying is not preaching and preaching is not necessarily prophecy. I believe prophecy comes direct from God and I believe it is foretelling what is going to take place. I believe God gave Waco a warning that there was a tornado coming. There was a message in tongues given in the Waco Assembly of God Church. It said God was going to send a disaster on the city of Waco. People laughed and scoffed at the fact that it was coming. People made fun of it, but one day before the day that

tornado struck, the people said they could feel something pressing in their souls! They felt like something was going to happen. I talked to 42 different people that were in that tornado and everyone of them told me, Brother Coe the day before that tornado took place something just kept saying inside of me, something terrible is going to happen. Have you ever come to the place in your life that you have just felt depressed like something terrible was going to happen, you knew it was coming, you knew it was on the horizon, you knew that something was going to take place, you didn't know what it was, but something inside of you witnessed to something terrible was about to happen. In Wisconsin a woman stood up in the church, the Assembly of God church and prophesied. She was set down by the pastor, but in her prophecy she said this city is going to be destroyed by a great wind. The pastor called it "Latter Rain." But as surely as that woman stood to her feet and prophesied, God brought to pass the very things said, and that same man's home was practically demolished. A

man they called an idiot, walked up and down the street of San Angelo and said "God is going to destroy the city! Repent!" People laughed him to scorn, but the thing came to pass. Now there are lots of people in Dallas, Texas, that are going to call me an idiot, but a lot of things that I am going to preach are going to come to pass exactly like I am preaching them. God has fore-shown, and forewarned the people of Dallas and of the U.S.A. that there is a disaster on the way, it is time for us to bend our knees and pray for God to set us on fire for Him and let the Holy Ghost move afresh in our midst again. Can you say Amen? We are lovers of pleasure more than lovers of God.

God has called me to preach against sin, I don't care if it's against the President of the U. S. When I was in Kansas City, a whiskey truck backed up to the Mulebock Hotel and unloaded a whole truck load of whiskey, what for, for the politicians to all get drunk and have good dancing time and then the next day the President of the U. S., at that time, arose to the pulpit of one of the churches in Kansas City and offered prayer! Everything will talk about God; everybody's talking about God, everybody knows the truth about God! Many of you belong to a church that don't believe in a born-again experience nor pure religion, but the Bible said that you are only studying but you are never coming to the knowledge of the truth! What is the truth? A born-again experience with the blood applied to your soul and looking for the Lord Jesus Christ to come in the clouds of Glory, and to catch you out of this world! We have over 300 Sunday Schools in the Eastern States that teach there is no Jesus Christ; that there is nothing to the blood of Jesus. The little children, as they leave the Sunday School room, are required to spit in the face of Jesus. They have a form of Godliness but they are denying the Power of God! They have a form of Religion but never coming to the knowledge of the truth. We don't need ping pong tables, or pool tables, and no social life in the church of the living God, but what we need is to get back on our knees and cry out to God to send a revival to keep us from this

disaster that is about to overtake us. Sin has swept across this whole nation. The Bible said people would be without natural affection. Some of you neglect your children, a lot of women in America love a poodle dog more than they love their kids. You can rent an apartment anywhere in the city of Dallas if you have an old dog, but if you have children they don't even want you in the apartment house. A lot of mothers have put on men's clothes and gone off to the defense plant to try to make extra money and let their children run the streets like a bunch of hoodlums. Somebody said Brother Coe what about our National Defense program; we've got to work for the national defense! You old flag waver! If there is such a need in the defense work for women, why don't they draft some of these forty thousand bar-fles in the U.S.A.? Why don't they take a million men out of the beer industries and out of the whiskey industries that's making something to send men's souls into hell? It's because there are enough silly women that will work in the defense plants and let their children go to hell.

The Bible said in the last days perilous times will come. This is Satan's zero hour. Satan knows his time's short and he is going about as a roaring lion, seeking whom he may devour. Lawlessness is rampant. A crime wave is sweeping America, and sweeping every country in the world. There is more juvenile delinquency today than any other time. J. Edgar Hoover don't know what to do with the child problem. Everybody in America is studying child psychology to try to work it out. Child psychology is not going to work out the lawlessness that is turned loose in America today. There's only one way and that is for Christians to get back on their knees and get their children through to God. There is a lot of people going around preaching that the saints of God are going to Heaven on a bed of roses; that there is not going to be any persecution. I'm not so sure that that is true! My Bible said that in this world you are going to suffer tribulation; going to have persecution! My Bible said in this world they are going to drag you up before the council. They are going to stone some of

you. Some of you are going to be lion bait. Already in Russia they have taken mothers and boys and girls and machine-gunned them down, and pushed their bodies into a ditch. Let me tell you something: The only thing that is keeping America tonight is the mercies of God. For nation shall rise up against nation and Kingdom against Kingdom and there shall be earthquakes in divers places and there shall be famines, and troubles.

Somebody said, Brother Coe, do you mean to tell me that there is going to be a famine! In 1952 we had a message in tongues and the interpretation came under my big tent and God said I am going to send a famine to the whole world all except Palestine by 1954! I preached in the Dallas Revival Center when we were getting all that rain last fall and people were rejoicing and saying thank God. A brother walked up to me and said, "Brother Coe it sure looks like you were wrong about that famine." I said, "Why, Brother? He said, "Because it is raining and Dallas' lake is filling up." I said, "This rain won't be enough to sustain us through next year." If we have another dry summer like we had last summer, get ready! God's going to fulfill his prophecy and we're going to have a famine in 1954. That famine God told me is going to last from five to six years according to how the people will repent and call on God. Somebody said do you mean to tell me that God gets pleasure in punishing His people. God does not get pleasure in punishing his people, but if God didn't punish people for sin, people would wax worse and worse until there would not be any faith upon the earth when Jesus comes again. These things have got to come to pass. I want to read you something. You can do whatever you want to do about it; this is a message given in tongues and interpretations: "Church people will gather together in different years and pray for rain, God will not hear them to answer. This shall be a terrible time on earth. People should be as wise as ants and put in store to last through these years. People that will hear and see and humble themselves to believe and act will live, but those that laugh and make fun will become thin, stagger,

fall and die." That's a message in tongues and an interpretation only given two weeks ago. God said there is going to be a famine in 1954. I believe what God said has got to come to pass, exactly like God said it would. God said with other tongues and other lips will I speak to my people. He didn't say He would speak to the sinner and to the backslider, but he said I will speak to my people and the Bible said yet for all these things will they not hear the voice of God. There is a lot of you sitting in your seats tonight laughing and stopping up your ears to what God has said, but when this thing is over with, God will have the last laugh and you will hear Him laugh from the heavens until fear and calamity comes upon you. God is doing his best to warn people that they are living in the end of time. God has always warned people. I just told you about the Waco disaster. I will never forget Higgins and Glasier blown away by the cyclones. How many remember that in Woodward, Okla. How people said they went around all day with fear in their hearts? They knew something was going to happen. In the city of Higgins, I stood on a pile and dug men out of a pool hall that were burnt alive. I was there with Highway Patrolmen who poured cold water on hot rocks and took them off the top of men. While we were taking these men out of the pool hall a woman stood on that rubbish pile that was burning and cried, "Why in the world did my husband ever take our son to such a place? I told him not to take him into that pool hall!" I will never forget when we came down close to the eight bodies that were burnt alive in that pool hall, and we found a man's hip bones and a pocket watch and we found a tiny skull with a few red hairs on it. When we pulled that out that woman looked at that pocket watch and she began to scream and said, "That is my husband's watch." When we pulled out that little skull with the red hairs on it, she began to cry, "My boy, my boy, why did he ever take you to the pool hall? Why didn't he listen to me? I told him something was about to happen, I felt like something was about to happen to this city, I knew that God was going to destroy it. I knew

that whenever we persecuted the work of God that God would bring judgment upon us." The pastor in Oklahoma is a very good friend of mine, and at the time of that storm they were all sitting in that church. Couldn't see outside, they were all in the church, but God said call every Christian around this altar and tell them to pray. Tell nobody to leave the building and if they will all come around the altar I will take care of everyone of you. That preacher got up and said, "God just spoke to me and told me to tell everybody in this place to get around this altar and seek God, and nobody to leave the building! If you don't leave the building you will be safe, but if you leave the building you will be destroyed." Every Christian stayed in that place except one deacon and that deacon said, "I'm not staying in this church house. I'm heading for my storm cellar." The deacon that got up and ran from the church got three blocks and one of the biggest buildings in the city toppled over and killed him, but all the people that stayed in that church and came around the altar were saved! A woman in the new London School disaster was on her knees praying one morning and God told her to call every Pentecostal woman in the community and tell them to get to the Pentecostal church, which was Brother Ferguson's church at that time. He said, "Tell them to get down on their knees! Something terrible is going to happen. Everybody to come to prayer meeting." And there was 45 mothers that had enough confidence in that woman's telephone call to meet at the church and pray. While they were praying the explosion happened in that school, and out of all the children that were killed, not one of their children got a scratch. Trouble is coming, but thank God I'm glad I have a Jesus that can guide us through.

I warned the people of the Kansas City flood, told them what was coming. I told them what God told me, but listen, three days before that Kansas City flood come, God began to give messages in tongues and interpretations in the tent. We began to preach that disaster was coming to Kansas City. I will guarantee you if you will ask anybody that was in Kansas City

they had a feeling down in their hearts that something was going to happen. Brother Barner, even though he didn't move his furniture or move any of his stuff out of his church, he said something within me all the time told me something was going to happen. I felt the dread in peace. Let me tell you something, the reason I am telling you this is, there is a dread and a fear in everybody's heart today, and throughout the world. I believe that if everybody was honest before God you could raise your hand and say, Brother Coe, I feel like something is about to happen. You know going home the other night with my wife, she said, "Honey, I never had a feeling like I have got now. Something is going to happen, but I know God is going to take care of us regardless of what it is." People laughed me to scorn in Kansas City, they made fun of me, they said no flood was coming, but the flood came and I saw people drown. I heard them cry and I saw them die. Somebody said nobody died in Kansas City. Don't let them kid you; I saw them going under the water screaming and begging God.

Now I am going to mention a few things that is bound to come to pass. These things are going to come to pass in the near future. We are still living in the third chapter of Revelations. All the rest of the book of Revelations is yet to be fulfilled. We are living in the third chapter of Revelations. The other chapters from three on have not been fulfilled yet, and will not be fulfilled until God catches His church out of this world. The church is going to take its flight. The man of sin is going to be revealed to the world. I know a lot of men preached that Mussolini was the anti-Christ. I wonder what those poor fellows are preaching now. I have heard others preach that Hitler was the anti-Christ. I have heard others say that Roosevelt was the anti-Christ. I have heard all kinds of things. I have heard great doctors set down and try to figure out from the Hebrew and the Greek what 666 is. Folks the Bible said the anti-Christ or the man of sin will be revealed and everybody that takes the mark on the palm of their hand or on their forehead will be totally damned and doomed forever.

I believe it is going to be just exactly like the Bible says it is going to be. I don't believe you are going to have to sit down and figure anything out.

Get ready! August 20, what is it going to bring forth? Some people do not believe that the devil has power to foresee the future, but I disagree with those people. The Bible said satan has come down knowing that his time is short! If he knows his time is short, then he knows what is going to take place in the future! I don't know anything much about the pyramids except what I have read! I know that in every book I have picked up on the pyramids, did you know the last date mentioned in those books is August 20? One book I picked up and began to read about the pyramids, said that the last date on the pyramid walls was August 20, 1953! Whether the man knew what he was talking about I don't know. Brother Jagers said God woke him up in the middle of the night and told him something was going to happen on August 20, and by August 24 it would be in full blast. Doctor Hollenbeck preached that there were four night watches! These four night watches lasted about three years; these four night watches were 288 days each. The first night watch began on June 24, 1950; the 38th Parallel was crossed in Korea on June 24, 1950. This was a direct contact with Russia; with Gog and Magog. Russia woke up the sleeping Giant of the Orient, and a Christian nation was thrown into war all on the same date! The second night watch began April 9, 1951, and the third night watch began January 22, 1952, and ended November 4, 1952, which was the night of the election. The fourth night watch began November 5, 1952, and the fourth night watch ends August 20, 1953. When are all these tidal waves going to happen? Exactly on August 20? I do not know, but I do know one thing, they are coming! Whether all these earthquakes are going to happen on August 20 I wouldn't say definitely but I know they are on their way! I know what God reveals to His people will take place. I have got enough sense to know they are going to happen. And Jack Coe is going to tell you that there is going to be a famine in 1954! And if people

will be as wise as ants they will lay in store food to take them through that time. Already there is a drought sweeping, not just Texas, but the world. While I was in Missouri, calves were selling for a dollar a piece and nobody would buy them. They are shipping train loads of food into Dallas and into Texas to try to feed the starving cattle. Oklahoma City water supplies have gone dry. And if Dallas, Texas, doesn't get a lot of rain right away soon it will go dry. All desert cities of great population are without one drop of water. Somebody said, "They will drill wells." They have already planned on it, but when they drill down as far as the water level is and then those holes run dry and then they drill down more and they run dry again, and again, which they are already doing. Around Lubbock they are drilling wells and the deeper they go the less the water is, and they are coming to a place where they realize they are spending thousands of dollars drilling dry wells. I don't want to create a panic, but I want to show you there is something in the air! If you ever lived for God, you had better start living for God! God promised me that on August 20; showed me in a dream; gave me a vision that one of the mightiest revivals was going to sweep the U.S.A. that has ever swept it! And people are going to turn to God by multitudes. God has been promising us in the Dallas Revival Center that He will save your husbands and your children. We have had promise after promise! God showed me this was the beginning of the fulfillment of His promise. You wives lift up your voices and praise God because your husband is going to be saved! You mothers, praise God because your boys are going to be saved! When Jesus comes again He wants to take us out of this world as one family to be with Him forever and ever. Let me give you this last point, I don't want you to miss it! God has promised all these things, and they are coming! The rapture can take place any time, I said any time. THE END.

Therefore be ye also ready for in such an hour as ye think not the son of man cometh. Matthew (24:44)

TESTIMONIES OF GOD'S GRACE AND POWER

Dear Bro. Coe,

I want you to know that God really did something for me Saturday night, June 27, 1953 when you prayed for me. I had a back injury I received 10 years ago while in the armed services. The doctors had done all they could, even operated on me in February of 1953 and gave me a brace with steel staves. I could not bend or even tie my shoes. They told me I would never be able to work and would have to wear the brace the rest of my life. But God healed me! I can now stoop and get around without the brace.

All thanks be to God.

Yours in Christ

Dear Rev. Coe:

Some months ago I sent you a handkerchief for you to pray on for the healing of a tumor. You did and returned it to me. I placed it on my body and was healed the very same hour. Glory to God for His wonderful healing power, and many thanks to you for your prayer of faith.

Enclosed you will find \$1.00 to keep your good work going.

TB PATIENT FOR SIX YEARS

I am 24 years old. I was in the hospital for six years with TB until June 14, 1953. I was healed and I praise God for laying His wonderful hand over my body. I was healed and I went home June 14. I praise His name every day for healing me of TB and I am really rejoicing every day.

I was to go under surgery this month but since Jesus healed me I don't have to.

I thank Jesus for everything.

I weighed 94 pounds when I came here. Now I weigh 111 $\frac{3}{4}$ since I was healed, and I feel wonderful. Now I can be working for God here in the hospital.

Dear Brother Coe:

We received your letter with the healing cloth. I placed it over my daughter's heart in the Name of Jesus. Thanks be unto our Lord; he healed her of her high blood pressure and kidney ailment, and her heart beat is back normal. I took her for a check-up and the doctor couldn't find any symptoms of her diseases. Thanks to you and God, He is so wonderful.

Here is a small offering, not much but sent in, thanks and love.

JESSE FINDS JESUS

A little girl in a wretched tenement in New York stood by her mother's deathbed and heard her last words: "Jesse, find Jesus."

When her mother was buried, her father took to drink and Jesse was left to such care as a poor neighbor could give her.

One day she wandered off unmissed, with a little basket in her hand, and tugged through one street after another, not knowing where she went. She had started out to find Jesus. At last she stopped, from utter weariness, in front of a saloon. A young man staggered out of the door, and almost stumbled over her. He uttered passionately the name of Him whom she was seeking. "Where is He?" she inquired eagerly.

He looked at her in amazement.

"What did you say?" he asked.

"Will you please tell me where Jesus Christ is? for I must find Him"—this time with great earnestness.

The young man looked at her curiously for a minute without speaking, and then his face sobered; and he said in a broken, husky voice, hopelessly; "I don't know, child: I don't know where he is."

At length the little girl's wanderings brought her to the park. A woman, evidently a Jewess, was leaning against the railings, looking disconsolately at the green grass and trees.

Jesse went up to her timidly. "Perhaps she can tell me where He is," was the child's thought. In a low, hesitating voice, she asked the woman: "Do you know Jesus Christ?"

The Jewess turned fiercely to face her questioner, and in a tone of suppressed passion, exclaimed: "Jesus Christ is dead!" Poor Jesse trudged on, but soon a rude boy jostled against her, snatching her basket from her hand, threw it into the street.

Crying, she ran to pick it up. The horses of a passing street-car trampled her under their feet—and she knew no more till she found herself stretched on a hospital bed.

When the doctors came that night, they knew she could not live until morning. In the middle of the night,

after she had been lying very still for a long time, apparently asleep, she suddenly opened her eyes, and the nurse, bending over, heard her whisper, while her face lighted up with a smile that had some of heaven's own gladness in it: "O Jesus, I have found you at last!"

Brother Jack Coe Says:

"During these three years the H. of H. Children's home has been open, there has never been a time when a wholesome meal was not served. During this time I have been enabled to trust in the living God alone.

"My faith is tried as much as ever, and my difficulties are greater than ever." Besides our financial responsibilities, suitable workers constantly have to be found. Often our funds run very low and we have thousands of dollars worth of bills to pay with only a few cents in the bank. This keeps one always believing and praying. People have been impressed to fly in by plane and bring checks or send money orders or wire money in answer to prayer which would arrive just in time, or should I say at the very hour needed. I have praised God many times for 25¢ and then I have praised him for thousands. I have never reserved funds, our reserve funds are in Heaven. Without any support from county, state, city, or any religious organization, our faith has had to rest in you and God and thank God we have not been let down yet. This work will continue because of our Heavenly Father and you that have and do obey God.

The great Dallas Revival Center Building is under construction at the corner of Corinth and Illinois Streets. God is moving with us and the Lord is blessing us. We are trying to build these and pay as we go. Not only that, but the great Faith Home is under construction too. We will be able to take care of around 27 or 28 patients not later than the last of November. People who are crippled; people who are sick; people whom the doctors have given up to die will be brought to this great Faith Healing Home here in the City of Dallas. We intend to have people sitting by the side of their bed quoting scriptures to them all day long. We intend to have three services a day to inspire their faith; if they are too bad to get out of bed to go into the services, we will wheel them in, so they can hear the word of God, and be instructed on Divine Healing and the Power of God. Then we will go to them, anoint and pray for them, and we expect God to heal people of all kind of diseases. Anybody interested in coming to the great Faith Healing Home can begin to write in for information about it, as soon as you receive this paper. Write a letter today to Post Office Box 8538, Dallas, Texas. We will be glad to consider anybody that is sick and desires healing for their body. We will send you full information about this great healing home that we are building in the city of Dallas.

The Dallas Grade School will begin Sept. 15, and we will be running from the first grade through the tenth grade. Many of you living out of town that want to come to a church where the Power of God is falling, where we have services every night, maybe want to bring your children and send them to school.

Also we have a great **Bible school**. Many people that came to our Bible school last year are already pastoring churches or out in evangelistic work. God has blessed our Bible school. We will do everything in our power to help you find a place to preach the gospel after you graduate from our Bible school. It is a six-months' course on the ministry and the power of the Holy Spirit. We want you to come and enjoy the blessings of God. This is a Move of God Bible School. We have spirit filled teachers that instruct you daily in the word of God. If you would like some information on the Bible School write the same address, P. O. Box 8538, Dallas, Texas. We will be glad to send you all the information we have.
