Rev. Jack Coe as he faced the TV camera and capacity crowds in his huge tent at Pittsburgh, August 24. Crutches verify healing of many lame.

What a Newspaper Man Said About the Meeting!

Rev. Jack Coe brought to Pittsburgh, the Tri-State area and literally the Eastern half of the United States his vital message of the God's Healing and Saving Power.

Within his huge tent many thousands have found the help and spiritual guidance they have been seeking. The man that has brought these seeking souls the comfort they desire is the national-

ly noted evangelist, Reverend Jack Coe!

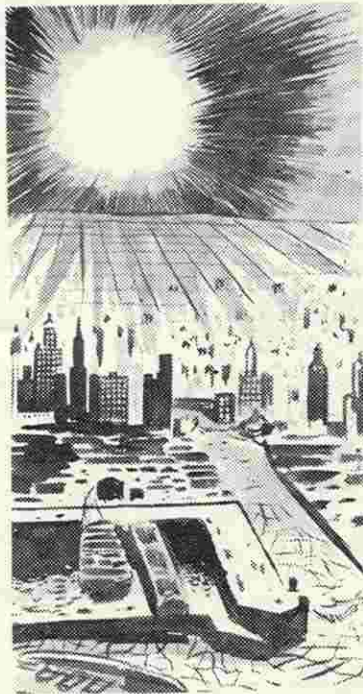

Many came with no hope in the material world; nothing to lean on for strength and comfort but their faith in God. Hundreds of people have been prayed for in recent weeks . . . and have left their beds . . . healed by the power of prayer.

New hope . . . a chance to better

THE C-BOMB!

By REV. JACK COE

I am going to give you a dramatic and terrible picture of how the world is going to come to an end. But the day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up. (II Peter 3:10)

There are many people today that are saying the Lord has delayed His coming. I'm not particularly preaching on the coming of the Lord Jesus Christ. I believe the coming of the Lord Jesus Christ is one event and that the day of the Lord is another event. I believe that when the Lord

Jesus Christ comes in the clouds of glory the church of the first born will meet the Lord in the air. And I don't believe the day of the Lord is the coming of the Lord Jesus Christ. I believe that the day of the Lord is exactly what the Bible said it was . . . where the heavens are going to pass away with a great noise and the earth will melt with a great heat. That is the day of the Lord, and not the coming of the Lord.

One scientist said that it would be 92000 years before the Lord could come. Hundreds of people are saying that the Lord has delayed his coming. Let me tell you something. When everyone of you were first saved you watched your conversation and you spoke in holy conversation. You watched every deed you did and every word you said. I remember when I first got saved I walked softly before God from the time I got up in the morning. I didn't want to take one step out of the will of God. I didn't want to say one word that wasn't pleasing to God, and if I said one word it would cut me down to the bottom of my heart. I would fall down on my knees right there until I got forgiveness for that one word. But after you live for God awhile if you don't watch yourself your conversation will get loose. Your conversation will not be godly, but your conversation will be critical, your conversation will be filled with backbiting. Your conversation will be complaining, and many of you who claim to be pentacostal are full of complaining, backbiting, criticizing, and fault finding. Some of you don't like this kind of preaching.

You would shout me down, if I was preaching on short dresses, and short hair. But bless God I am going to preach the word of God and if you don't like it go somewhere else where they preach where you like.

Some of you don't like this, because I am coming down where you live. All down through the ages, people of the world have predicted that the world is coming to an end. In 1843 William Miller said that the world was coming to an end. In 1910 a scientist said that a planet was coming so close to this

earth that everybody that was living on this earth was going to be killed by the planet . . . that pieces of the planet as they passed by the earth

would come off and portions of the planet would kill everybody on the face of the earth. His statement so scared the world that women went up into some of the higher buildings with their babies at that time in England and jumped off the building and killed both themselves and their babies.

Three hundred and sixty-two people drank poison one night. Four hundred and seventy people cut themselves and bled to death. Hundreds took their lives. Many jumped off bridges and buildings and took their lives because they were afraid of the end of the world. But brother let me tell you something! Nobody knows when the end of the world is going to be but the Bible said that the Day of the Lord would come as a thief in the night.

In 1945, in California, a man that was supposed to be a prophet told the people that on March the 21st, the end of the world was coming; that the stars and the moon would fall from heaven . . . that the earth was going to be burnt up with a fervent heat! He said the Lord showed him the day and the hour. At twelve o'clock at midnight, March the 21st, 1945 two thousand and nine hundred people assembled on a hill in Los Angeles, Calif., to wait for the world to be destroyed. Many of them prayed, many of them stood around looking at the sky, but every one of them were waiting there for the world to come to an end.

At midnight, when it was supposed to come to an end, the world was still in existence. One minute after mid-

Betty Jean Robinson, lovely Phyllis Bell model, has her pretty swim suit ruined by allowing money to be pinned all over it. Betty doesn't mind, for money thus contributed will go to the Salvation Army for Thanksgiving turkeys for under-privileged. Painlessly contributing a dollar, just for charity's sake, is Morgan I. Fowler, 8607 Old Bladensburg, rd., Silver Spring.

Brother Jack Coe Says:

Why is it that people will take the name of Jesus and charity and use sin and hell and debauchery, to try to raise money to glorify themselves. This is a picture which came out of the Dallas Morning News. I don't think I need to say anything about it, I think the picture and what it says underneath it will say enough to stir every Christian to a red hot righteousness. To see a man pinning a bill on a half dressed woman... to claim that this organization that preaches holiness, salvation, and the blood... can show you how far a denomination or work, which at one time believed in the power of God and the spirit of God... can backslide and

get away from God. It shows this man painlessly contributing a dollar just for charity's sake. If my wife or you wives saw your husbands pinning a dollar on something like this you'd feel like taking a baseball bat and beating his brains out. This is a disgusting way to raise money (in the name of Jesus) and in the name of the Salvation Army. How far can some denominations backslide and get away from God? And how long is God going to tolerate the backslidden conditions of some of these denominations?

WHY NOT BE A PARTNER IN GOD'S WORK?

God's work is definitely the most important business in which you can invest. Today . . . countless millions listen to full gospel programs over the radio, because that is the only way they can or will hear it. The radio helps to break down spiritual pride and convince thousands of the truth of God's word. Join hands with us today . . . by sending an offering to help us reach the lost. GOD HEALS

**As Rev. Jack Coe
Ministers!**

**RHEUMATIC FEVER, HEART
TROUBLE GONE**

Sept. 14, 1953

Dear Rev. Coe:

I wrote you about three weeks ago to pray for me that God would heal me. I had rheumatic fever and heart trouble. God has healed me and I am picking 200 pounds of cotton a day. I do thank God for my healing. Thank you for praying for me. I hadn't done any work in five years. I was in bed for four years. I hear your Osceola radio station.

HEART TROUBLE IS HEALED

Sunday, Aug. 8th

Rev. Jack Coe:

I had a bad heart, dropsy, and accessed kidney. While in your healing service last Sunday you came along and touched my head. I could feel the power of God going through my body.

Here is the great news.

The doctor had given me up. He told my mother he had no hopes for me at all. Praise God there is a super-physician higher up if we only have faith in Him.

The doctor said if I did live I wouldn't be able to do anything, not even get out of bed. Just lay all the time because the main valve in my heart was ruptured in two places. Praise God, He has healed and put a new valve in my heart.

I'm supposed to go to the doctor this week but he isn't going to find anything wrong.

I'm up doing most of my house work, taking care of my 9 months old baby which my sister-in-law has had for 4 months and driving the car a little.

**CHRONIC LEG AFFLICTION, WHICH HAD
AFFLICTED WOMAN FOR 29 YEARS,
IS INSTANTLY HEALED!**

Twenty-nine years ago I had milk leg, and the sufferings I had through the years cannot be described. And as I grew older it became worse. My leg was nearly always swoller and would break open in an ulcer in my ankle and could not be healed unless I stayed in bed. It would take from six weeks to three months to heal and I had to lie in bed with my leg elevated. And then I wore an elastic stocking to keep the blood from circulating too much. I even considered having my leg amputated, as I felt I would much prefer an artificial leg to lying in bed week after week. I some times had three good months out of a year.

When I wrote my sister who lives in Idaho I planned on having it amputated. She promptly got in touch with some Christian friends and had them pray for me. She also sent me literature on healing and testimonies from others which I read and treasured. She also wrote to you and asked you to pray for me. On January 8th, 1953, I received a letter I thought was an advertisement as the return address on the envelope was blurred. Imagine my

surprise when I opened it and found it a letter of prayer for my healing.

The nearest I can explain my feelings is to say while I held that letter I felt a shock like electricity go through my body, from my head to my feet, and I knew right then my leg was healed. I took off my elastic stocking and haven't worn it since. There has been no swelling and no pain. And thank God after more than seven months I can say I was healed and have no fear of ever having any trouble with it any more. I would like to say before my healing I always had pain of some kind in my leg. Some times from my foot to my hip, and it always felt heavy. But since my healing I have had no more pain than in the other leg. I don't favor that leg any more as I used to do. I can walk for miles and do all my house work.

I am 53 years old and am raising six children, ages five to 13 years. I have had them four years, so you see I have plenty of work to do. I have been a Christian for years and have always believed in healing, but some how could not apply this to myself until I received your letter.

I wish to thank you for praying for me. And hope this testimony will help others to have faith to be healed. I am giving my testimony to all I can, and will continue to do so, for God has surely been good to me, who so little deserves it.

The Birth of a Full Gospel Business Men's Fellowship in Pittsburgh, Pa.

Over a hundred friends enjoyed having breakfast with Rev. Jack Coe, on Saturday morning August 29, in Pittsburgh, Pennsylvania, including many prominent business men. Brother George Gardner took time out from his business in Binghampton, in New York, and flew to Pittsburgh for the breakfast. George Gardner is vice-president of the Full Gospel Business Men's Fellowship, a nation-wide fellowship who pool their resources and abilities to proclaim the gospel of the Lord Jesus Christ. It's editorial offices are located at 210 Wheelock Road, Watsonville, California.

Demos Shakarian of Los Angeles, California, owner of the world's second largest dairy, president of the Business Men's Fellowship, was not able to attend the breakfast, but sent all the official papers, and Brother George Gardner was able to officially establish a local chapter of the Business Men's Fellowship of Pittsburgh. They will meet every Saturday morning and have breakfast, and broadcast over radio station WPIT, Pittsburgh to tell of their activities and invite all Christians to join them in their fellowship.

Lee Braxton, mayor of Whiteville, North Carolina, who is also an execu-

tive of the Business Men's Fellowship was not able to attend, but sent a wire to Rev. Jack Coe and all those who were at the breakfast, encouraging that all full gospel Christians should unite together, regardless of their denominations, to send the gospel of Jesus Christ to this world today.

What a pitiful condition when all the world is crying peace, peace, and there is no peace . . . only wars and rumors of wars. And yet most Christians sit idly by when we all know the Prince of Peace, and know that there would be no war if the love of God abounds universally.

This, my friend is **THE CHALLENGE TO YOU**. Perhaps you feel as so many others do that "this sin-sick world" means the great masses of people in far off places. There are Christians living all over the world and this is the purpose of the Full Gospel Fellowship to encourage each one to do their part in the little world that he dwells in. If you are interested in receiving a free copy of a monthly magazine of the Full Gospel Businessmen's Voice, or interested in organizing a group in your, please write Brother Thomas R. Nickel, 210 Wheelock Road, Watsonville, California.

THE C-BOMB—Continued from Page 4
night this fellow stood up and said, "Well God told me that it couldn't happen on the 21st because too many people were looking for Him and He put it off until a later day." When that day came he put it off until another day, and it never did happen!

Let me tell you something, nobody can tell you when the world is coming to an end. But I can tell you how it is going to happen tonight, and I can back it up by the Bible that this old world is coming to an end. And just remember that it is coming just as He said it is. I'm not referring to the rapture, as I said before. I want you to listen to something in first Thessalonians 5:2 "For yourselves know perfectly that the day of the Lord so cometh as a thief in the night. For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape. Now there's not a place in the Bible that says that the Lord will come as a thief in the night! You had better quit preaching that Jesus is coming as a thief in the night for it is not in the Bible.

The Bible said that The Day of the Lord shall come as a thief in the night.

I had a preacher in the Revival Center here recently that said there wasn't any tribulation, and the scripture that he used was II Peter 3:10-11. He said, "now look Coe, read it for yourself."

And when we read that scripture brother, it looked that way! I went home and I worried about it, and I got my wife. We went over it. I tell you I WAS READING and God opened it up to me. I said, "what do you mean God? You didn't say 'I would come as a thief in the night!'" It said that the DAY OF THE LORD was coming as a thief in the night. He said I'm coming in the clouds of glory. I'm not coming as a thief but I'm coming in clouds of glory, and those that are ready are going to meet me in the air in the clouds of glory.

And He said, "Jack Coe, I'm coming back with my church, and we are going to be riding on white horses; and then we shall be kings and priests, and we shall reign for a thousand years,

in millennial peace on this earth. But He said that was still not the Day of the Lord." I said Lord when is the Day of the Lord going to take place? He said, "After the great white throne judgment! The devil is going to be taken from the bottomless pit, and the crooked prophet cast into hell, and everybody that doeth evil is going to be cast in the lake of fire; except those that have been redeemed!"

The heavens are going to pass away and the earth is going to melt with fervent heat! He said, "That's the day of the Lord." And that's the thing that's coming upon the people as a thief in the night. It is time we had faith in the word of the Lord. You Bible scholars that say that Jesus is coming as a thief in the night . . . My Bible says that the angels blew the trumpet. My Bible says that the dead in Christ shall rise first, Oh glory to God. Those old Methodist graves shall roll back . . . the Baptists and all that love the Lord, that have died in the Lord are going to come out of those graves. Someone said, do you believe the Methodists and the Baptists are going to heaven? Sure I do! I believe that all kinds will, as long as they have been born again. If they live for God and stay true to God, and have the blood applied to their souls, they're going to rise up to meet the Lord in the air. Glory to God.

Yes we are going to rise to be with Jesus for seven years, and I believe that there is going to be seven years of tribulation upon this world. I believe that it going to take place just like the Bible says it is. And I know there will be an anti-christ. I know there will be the mark of the beast, and I don't believe in going out preaching that there will be no tribulation, no anti-Christ, no mark of the beast; that heaven and earth is not going to pass away! They are preaching false doctrine.

The scientists tells us that the moon is getting five miles closer to us every hundred years.

Did you know that this old world at one time was an iceberg? Did you know that it was covered with ice? Did you know that the Bible said that

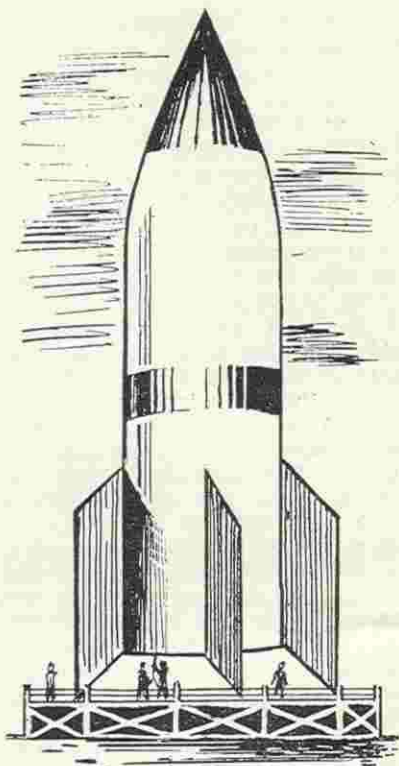

(Continued on Next Page)

Palestine would blossom like a rose? Did you know that scientists say that if the moon moved just one mile closer to the earth that the United States of America would freeze like a iceberg just like Alaska. And did you know that they say that Palestine would blossom like a rose. The moon has a very definite effect on atmospheric conditions. Even now the ground which was barren and desert is now growing all kinds of crops. Did you know that?

Do you know the Dead Sea, that huge supposedly worthless body of water, is the world's richest source of minerals and they are now extracting them? Did you know Palestine was one of the richest places in the world today? Did you know the Jews were returning to Jerusalem by the thousands? I said by the thousands? Did you know that nothing is going to stop Palestine from growing? Did you know that all the things in the word of God is going to come to pass just like the Lord said they were?

Did you know that this year in Jamaica, near the equator, the weather was cooler than it was in Dallas? And did you know that this year, in Jamaica that the weather got down to 51 degrees in July? Unheard of . . . I said unheard of! Scientists in Los Angeles have invented a rocket that flies 16,000 miles an hour. This rocket is not something that is coming into existence but it is in existence now. The world knows that the end of the world is at hand. Some scientists have more sense than a lot of pentecostal people. We have the A-Bomb. We have the H-Bomb. We have the C-Bomb. The A-Bomb and the H-Bomb, are nothing but a fire-cracker compared with the C-Bomb. People will sit around and worry about the A-Bomb and the H-Bomb, but the new C-Bomb may be able to destroy THE WHOLE WORLD; I said maybe. I want to read you something which the scientists, said Saturday. They said that the C-Bomb might wipe out the human race in one tremendous explosion!

A lot of people in America are at ease, because they are making themselves think that Russia does not have these bombs. They think that Russia cannot strike us. But atomic warfare is not a one nation monopoly. This

A new rocket capable of supersonic speed, which can be used to carry the C-Bomb.

country with it's great cities and industrial centers, is ripe for an atomic attack. Some people among us have their doubts that Russia actually could put together the A-Bomb if they had the data.

It's a scandal, scientists say, for people to invest millions of dollars in the heart of cities. They say, we must move from the cities, and move to the country. I want you to listen to their last statement. They firmly believe that President Eisenhower should tell the people about their danger. He said I don't need to scare them but I need to tell them the facts! The president needs to quit worrying about the people, and tell them the facts. If President Eisenhower would open up and tell the people of Dallas how close we are to an atomic attack, our churches would be FILLED on Sunday night, and some of you wouldn't sit around

with indifference in your heart! If you knew that something was going to happen some of you would pray through.

How many of you are ready for some disaster? People are not ready for any disaster. Especially not the day of the Lord! If they were they would be in the churches tonight. If this old world was ready for the A-Bomb or the C-Bomb they would be on their knees instead of in the beer points, hell holes, and honky-tonks; sucking cigarettes, thumping ashes on their babies heads, and running around with someone's wife or some other woman's husband. They would be down praying and seeking God. In a city near Dallas there are 52 expectant mothers under 15 years of age! A bartender in the city of Dallas said recently, "It is not the men that are causing trouble, but it is the women that are causing so much trouble. The city should do something about getting the women out of the bars. Every fight that is started in the bar is started by a woman. They are the most vulgar talking and there's nothing so disgusting as a drunk woman."

Half nudity. I've never seen such nudity. I saw a woman walking down the street with her husband the other day, that did not have enough on to cover her breast. My Bible says that any man that looks on a woman to lust after her has committed adultery with her in his heart, and any of you old hussys that will dress so that men will look on you to lust after you is an adulteress. What kind of man are you anyway to let your wife walk down the street with you dressed so every lustful eye will look upon her? What kind of a skunk are you anyway? Take your wife down the street like she was a street walker. Some man said, "my wife has never had an affair with another man." She has plenty of them, if she has dressed so as to cause men to lust after her, and she is an adulteress, whether you like it or not.

I'll tell you I'm so sick of even the landscape. They're all covered with half nude women. You can't drive down the road and look at the scenery and trees, without looking at a bunch of

half dressed women. If they advertise automobiles, they have a half dressed woman on it! If they advertise plows, they put a half dressed woman on it!

Even if they advertise baby's milk they have a girl in shorts. Somebody said you shouldn't be so plain! Well, they had it on the bill boards. The dirty rotten outfits shouldn't have it stuck around. They are just cluttering up the highways and landscapes.

Hollywood, during the war, sent out pin-up girls to all our service men . . . indecent, half-dressed, half-nude. Listen to this, for every mother's picture, and for every wife's picture or sweetheart's picture, that was pinned on the walls of our service men, there was 50 of those Hollywood half-naked hussys. Then you call America a Christian nation. Why, I'll tell you that the people in Jamaica have more religion than the people in America have. Why the people in Jamaica won't even wear shorts. If a woman is caught in shorts she is a street walker.

That's in Jamaica, down among the heathens. We send missionaries down there to try to convert them . . . and the only pair of shorts which I saw while in Jamaica, was worn by a missionary's wife. I've got a picture of her to prove it. My God what's this country coming to. Entertain the soldiers . . . one actress did a strip tease dance. And; when she had got down to almost nothing, she looked over to the boys and said, "You'd get 10 years for what you are thinking." They should put that old hussy in jail for 50 years.

The pin-up pictures got so bad that the U. S. mail would not even let them go through the Post Office. They got so bad that they stopped them from mailing them, but I've seen things on our newsstands that would make a turkey buzzard sick at his stomach. Some of you old buzzards have got a beak like a buzzard! You like stuff like that! They said we're ready. Why we are farther from being ready than we have ever been for a disaster. Me and Brother Morgan and Jim Yarn, were walking down the street in Los Angeles, and we saw a man walking down the street wearing a silk blouse, a woman's silk blouse! He had make-up on and red fingernail polish. Then we

one's self after knowing the power of faith and God's ability to help those who follow him . . . was received each night by many. Here a woman walked for the first time in more than a year . . . her hope renewed . . . her faith strengthened.

Many were confirmed in baptism, and went out from these meetings, pledged to follow the will of God. As many as a thousand in a single night came forward to be received in the Lord's kingdom.

These soul-stirring revival meetings brought deep repentance to the hearts of thousands. They came forward during nightly altar calls—their hearts filled with prayer and new hope in the Glory of the Lord.

Reverend Jack Coe will return to Pittsburgh November first for another soul-stirring revival meeting that have brought deep repentance to the hearts of many. For more information on Reverend Coe's return visit to Pittsburgh, write Box 8538, Dallas, Texas.

THE STORY OF THE PITTSBURGH BAPTISMAL SERVICE

Four persons are baptized at once in a huge tank, during a great, joyful service.

Pittsburgh, Pa.—1,003 followed the Lord in water baptism. The night of the baptismal service approached. There was anxiety among the people. They were stirred because they knew that many of them were going to follow the Lord in water baptism, many of whom had never attended a water baptismal service before. Under the big tent in Pittsburgh, Pa. we placed the large

tank holding eight people. Four ministers went into the water first and began to baptise.

After these men had worn out until they could no longer put people under the water and say the baptismal benediction they came out of the tank, and four more entered in their place. There were shouts of joy which came up from over the congregation. Many peo-

ple were definitely healed while being put under the water. Two people with cancers which I know of as I baptised, were told to feel for the cancer and the cancers were gone. You know I believe the reason a lot of people are not healed is because they do not obey the Commandments which they know to obey. And I believe firmly in my heart that water baptism is a Commandment of God. I believe that it is a Commandment of God to such an extent that if you obey not the Commandments you are a liar and the truth is not in you.

I believe that if you have a chance to follow the Lord in water baptism and do not take that chance, I believe God is going to ask at the judgment bar why you did not keep his words and his sayings. If our Jesus was baptised in water by John, how much more should we follow our Lord in the same pattern, and do the things that he did.

A young woman is baptized by Rev. Coe in obedience to our Lord's commandment.

Rev. Verle Morgan led singing as men, women and children enter baptismal tank.

MISSIONS

REV. JACK COE AND REV. JOE MORRIS GO ON MISSIONARY JOURNEY TO THE BAHAMAS

By REV. JACK COE

I just closed a great revival meeting in Pittsburgh, Pennsylvania. I was very tired in body and very weary. Brother Morris came to spend the last three days in Pittsburgh, Pennsylvania. He said, "Brother Coe, I have got to go on a missionary trip down through the islands of the sea, down through Kingston, Montego Bay, and on down to the Bahama Islands."

He said, "would you go along with me," and we talked with the deacons of the church, the Assembly of God church there in Pittsburgh, who have contributed very heavily toward missions. Brother Dan Austic, myself and brother Fuller from the Assembly of God church in Camden, New Jersey met in Miami, Florida, and caught a Pan-American airplane to the Bahama Islands. We landed in Nassau and spent two days in Nassau, then flew back to Miami. We then flew from there to Camaguey, Cuba. We arrived in Camaguey and spent a short time there. We were soon back on the plane again and flew to Montego Bay. After we arrived at Montego Bay, we found a warm welcome by many of the missionaries in Montego Bay. After we had spent some time there, we went from Montego Bay Island to Kingston.

After we got to Kingston, Jamaica we immediately called Brother Huckaby. On Sunday, Brother Morris went out and preached for brother Huckaby and his church. Brother Huckaby has a very beautiful church, that he has built. God has certainly blessed him. Although his church is not paid for, I admire the work that he has done. Brother Huckaby has built thirty-two churches in Jamaica since he has been there.

Typical market place in Kingston, Jamaica.

Natives on road near Kingston, Jamaica.

We spent three days with Brother Huckaby as he talked to us and told us about the work which he has done. Many times Brother Huckaby has gone as many as 18 miles to preach one sermon. At times he has lived on cocoanut milk. He has lived with the natives in their grass huts at times and he has preached the gospel to many hundred of people. He has seen many hundreds of people. He has seen many Jesus Christ.

In the period of years that Brother Huckaby has been on the island these thirty-two churches have grown, built upon the solid foundation which is Jesus. After we had spent some time in Kingston, Brother Huckaby took us in his car down to Atire Island. We arrived on Atire Island on Sunday Night. Brother Huckaby said, "we have a church up in the mountains, Brother Coe, that I want you to go preach in." We took a trip through the mountains in his car and finally arrived at the church at about seven thirty.

Brother Joe Morse and Jack Coe as they landed in Kingston, Jamaica.

The church was packed to capacity and many people were standing outside the doors! You could not even get in and down the aisles and the minute we stepped in we could feel the power and presence of the Lord. The people sang and shouted; testified and talked about Jesus. They were so happy to see us.

There was a revival spirit. The pastor told the need of a larger building for which we contributed in the offering along with the people that were there. I'll tell you the presence of God came down. Afterwards I preached a message to the people . . . a very simple salvation message. I gave an altar call and 32 people came to the altar to give their hearts to Jesus. Then I prayed for the sick.

My, how the people were receptive to the gospel of Jesus Christ and to divine healing. There were no people there that seemed to have an education that wanted to argue with you whether Jesus could still heal your body or not. There was nobody there to resist the work of God, but the Spirit of God moved with liberty and with freedom. There was nobody there that was opposing anything that was going on. And I thought to myself, why isn't it in the states as it is out here. If the people would just be receptive to the gospel and believe in the Lord Jesus Christ and the power to heal without

saw a woman coming down the street with blue-jeans on and a blue shirt, and with a bandana tied around her head.

The Bible said "as it was in the days Sodom and Gomorrah so shall it be in the day when the Son of man should come back. It said that their thoughts were continually evil. We have thousands of people whose thoughts are continually evil. Why that is all they ever think about. They have left the natural way of men and men have come to men, and the women have left the natural way and come to women. 5,000 marriages in the city of Houston, Texas, men married to men and women married to women, were performed by ring ceremonies, by preachers! If I couldn't prove it, I wouldn't preach it. I know a certain high school, where the boys have strip-down jelopies, and if the boy is looking for a virgin he paints two stripes on his car. If he paints three stripes on his car door, it means that she is no longer a virgin. That is in a high school. They have sex clubs, and sex parties, and the teachers are condoning it and encouraging it, instead of trying to stop it. That's why I am building a school in Dallas. Some one said, "You just want me to go to your church." I don't care what church you go to.

When I was a kid my mother used to get a bunch of calendars every year. The prettiest pictures you ever saw, of cows, horses and trees. She would hang them all over the house. Even some of Jesus. I had 53 calendars sent to me in 1953 and every one of them but two had half dressed and half naked women on them. I walked into a barber shop to get a hair cut, and saw a half nude woman was hanging on the wall right in front of me. I even walked into a barber shop which was run by a man who was supposed to be Pentecostal and there was a picture of a half-nude woman hanging on the wall. I said, "my God man, what's that doing there, and he said oh, preacher I have to do that for the sake of the customers." I said, "you will never have this customer here anymore. You won't cut my hair at all," and I got up right then and said

"you hypocrite," and I paid him right then and went some where else and finished my hair cut.

You say, will they ever use the C-Bomb? Certainly they will use it. In Revelations we read that the first angel sounded, and there followed hail and fire mingled with blood, and they were cast upon the earth; and the third part of trees was burnt up, and all green grass was burnt up. A third part of the ships were sunk at one time, what is this? This is either the C-Bomb or the A-Bomb or the H-Bomb. The A-Bomb or the H-Bomb or the C-Bomb will be able to destroy all the fish in the sea at one blast, it will be able to turn one-third of the sea to blood in one blast. This C-Bomb will be able to sink one-third of the ships at one blast in the sea.

Listen. They tell me right now and this comes directly from Washington, D. C., that three C-Bombs, which they have manufactured can wipe this old world out of existence! They have dropped the H-Bomb. You never heard anything about it, some of you. But they dropped an H-Bomb on one of the islands of the sea and the island was raised up out of the sea, and then began to burn, until it just became nothing but melted lava, and fell back into the ocean and the ocean covered that island over with nine feet of water. And that island today is nine feet under the surface of the ocean. That H-Bomb absolutely burned the earth up. What in the world will the C-Bomb do?

The ABomb and the C-Bomb and the H-Bomb are going to play a big part in prophecy. And the foretelling of God's word is solving a lot of things, God said when you see these things come to pass (He didn't say to drop your head) lift up your heads and rejoice because your redemption draweth nigh!

Revelations 6:12—And I beheld when he had opened the sixth seal, and lo, there was a great earthquake and the sun became black as sackcloth of hair, and the moon became as blood; And the stars of heaven fell unto the earth, even as a fig tree casteth her untimely figs when she is shaken of a mighty wind. And the heaven departed as a

scroll when it is rolled together; and every mountain and island were moved out of their places. And the kings of the earth, and the great men, and the rich men, and the chief captains and the mighty men, and every bondsman, and every free man, hid themselves in the dens and in the rocks of the mountains; And said to the mountains and rocks, Fall on us, and hide us from the face of Him that sitteth on the throne, and from the wrath of the Lamb: For the great day of his wrath is come; and who shall be able to stand?

Now this is talking about the great Day of the Lord. The A-Bomb, the H-Bomb and the C-Bomb are not going to completely destroy the world. But God is going to destroy this world by fire and is going to burn up every thing on the face of the earth. He said that He would destroy the earth by fire. Well if you will listen to me I will tell you how it is going to come to an end. The sun is going to explode. It will take eight minutes for the fire to reach the earth after the sun explodes. The sun is 93,000,000 miles away.

Listen to me. The earth is going to begin to burn clear through. And it will take exactly half a minute for the earth to burn through. Now listen. The earth will become so hot that the rats and varments in the earth will begin to run out of their holes. As the sun burns through the earth the heat will be getting stronger and stronger, men will run to the caves and the mountains and hide themselves, but the heat will still be getting hotter and hotter. And they will cry for the rocks and mountains to fall on them and hide them, from the face of God and His wrath. This is the day of the Lord. And the heat will reach the whole earth until this whole earth is consumed just as a large ball of fire.

I had started up one of those mountains out in California once and a truck started up the side of the mountain, when his brakes gave out. I watched that gasoline truck as it came rolling back until it hit the side of the mountain and turned over and it pinned that driver in that cab. And that gasoline caught on fire. It didn't explode, but just burned. And as that

gasoline and fire came closer and closer to that man, he began to scream, "My God, can't you help me. Shoot me, My God, shoot me! Kill me, kill me." That man's face was so drawn in agony it looked awful. That preacher which was with me tried to get up close enough to talk to him about his soul, and to tell him about Jesus. But nobody could get to him. After that man was burned, his hands would claw and his eyes would roll. In about 45 minutes that many burned to ashes. They didn't find anything but one little piece of bone. I'll never forget that man's face as long as I live. I talked to a man that was a cremator and I asked him about that man moving as he burned. And he said, preacher every time they burn a dead person, they will even sit up. And I thought "My God, how terrible it is going to be for the people left here in this old world, when this old world is on fire. There is only one escape, and that is to be where Jesus is. Friend do you want to miss that which is coming upon this old earth. You can. Just close your eyes and ask Jesus to forgive you and turn to him now.

NEXT MONTH... IN THE NOV. HERALD OF HEALING!

Read what I have to say about missions. I am going to show you pictures of missionary's beautiful homes, while the natives are living in grass huts and poverty. I want you to see some of the luxuries that some of the missionaries in foreign lands have, while natives are suffering... needing help, the gospel.

In the next issue—an expose of the Church of Christ "spiritual Bolsheviks" who deny the power of God. The Bible warns us against false teachers who would have a form of Godliness in the last days. Read this issue and be in a position to defend divine healing and miracles.

arguing about whether it is or is not in the atonement. We saw blinded eyes opened, we saw people with all kinds of sicknesses healed by the power of God. Deaf ears were unstopped. Finally about ten o'clock we got back into the car and left the church and headed back to Atire Island.

We arrived in Atire Island and spent the night and then got in the car and drove down to Montego Bay. In Montego Bay we saw a beautiful church which the Open Bible Standard were building. But you should see a picture of Brother Huckaby's new church. He owes several thousand dollars on this church yet. Anything that you could send him to help him pay this church off would be greatly appreciated. This is the nicest church on the whole island of Jamaica. I tell you I'm proud of the fact that pentecost has such a lovely building. A lot of places where I went, the missionaries put their money into homes which were worth thousands of dollars, while the house of God had a straw roof on it. I admire a man that will build the house of God first and live in something that is not nearly as nice as the house of God. I believe that is the reason that God has his blessings on men like Brother Huckaby.

When we arrived in Montego Bay we visited the Open Bible Standard Church as I told you before and saw the beautiful church building. They were in a building program at the present time, building a new church. And I'll tell you it certainly was a lovely building too. The problems in these islands are very touching . . . such as little children that hardly have enough clothes on to cover their little bodies. Many of the pictures which you will see on the opposite pages will show you the homes where the people live and typical families. Some of the pictures are of the market places, where they sell their food for a very small amount. Most of the food grows wild, and they go out and pick this wild food. They spend their days sitting there trying to sell for hardly enough to keep themselves alive. I'll tell you, as I left the islands and boarded the plane to Camaguey, my heart was

The harvest is indeed white! A native family that needs spiritual help.

heavy for the people which we left behind.

Brother Huckaby said, "Brother Coe we need a revival on this island." I am asking everybody to pray especially that God will move in a tremendous way in that island. I believe the island is ripe for a great revival and I believe God will call somebody there to deliver the message of salvation to those starving hungry people.

In Camaguey, Cuba we attended a church there which seats about a thousand people, and we were there on Tuesday night. There was 72 people in the church in Camaguey, a pentecostal church which would seat around a thousand. They seemed to have a very sweet spirit and the power of God was present in the church. Then we visited the streets of the city looking at different places. The thing which impressed me was the Catholic church which is shown in a picture in this magazine . . . with all the lottery boards outside. It looked like the house of thieves and gamblers, that Jesus had thrown them out of in Bible days.

Then we looked at the sin and debauchery which was on the streets. We only spent a day in Camaguey,

then flew back to Miami, but by heart was heavy again to see the sin and to see the people steeped in darkness. We went through the Catholic church while we were there and saw the idols and saw the people worshipping them. I thought to myself, "Oh God, if they only knew the true and living God and knew how to worship Him." My heart is yearning to go back to these islands. And this time I must spend more time preaching and praying for the sick.

If you have any missionary money that you want to put to work for God; if God has laid it upon your heart to do something for these people over there. If you will send it directly to me I will see that it gets into the hands of the missionary directly. Many pentecostal movements are wasting God's missionary money. They are taking God's missionary money and using it in official capacity and using it here in the states, and actually a small percentage of it is getting to the missionary. And then when it does get to the missionaries it has to be stipulated to be used a certain way. Many of them as I have said before are building beautiful homes and wasting God's money while the house of God is going vacant and in want. I want you to write me a letter and send a missionary offering, and if you don't want to do that, send it directly to the missionaries or to Rev. Joe Morris in Sacramento, Calif., and he will see to it that it will get into the hands of the missionaries to be used for the glory of God.

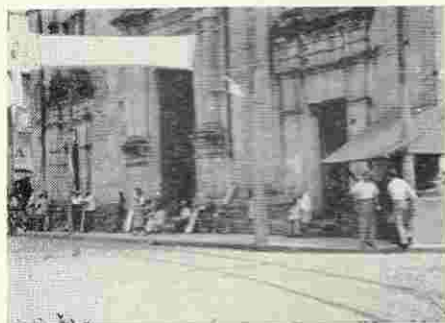

While we were in the Bahama Islands it was my privilege, with Brother Joe Morris, to visit the leper colony where people who have caught the loathsome disease of leprosy spend their days until they die. Very few of them ever get well and come back to civilization.

Large sign on road to notify everyone that they have reached leper colony.

Brother Joe Morris and Jack Coe pose for photo outside hut used by lepers.

Pictures which you will see on this page, shows "no admittance" sign to the colony which prevents persons from entering the quarantine area where he might be exposed to this dreadful disease, which literally eats away the flesh. One of the pictures shows Brother Morris and myself standing beside one of the cottages, which the English government has built for

those people which have leprosy. They try to keep them from spreading this terrible disease.

One of the most amazing accounts was told about this leprosy colony, that I believe I have ever witnessed or heard. Bro. Loren B. Fox, who is an evangelist for the Assemblies, was in a meeting in the Bahama Islands with

Rev. Joe Morse stands in front of chapel with former leper (now a caretaker) who was healed during Loren Fox meeting.

Brother Elvis Davis. He also went to this leprosy colony and held a meeting in this same chapel where you see Bro. Morris and the former leper standing outside the door.

They tell me that in the middle of Bro. Fox's service when he was praying, the Spirit of the Lord came upon Bro. Fox and he said, "Lord now you can heal every one of these that have leprosy. Lord you could do it right now. Heal these people with leprosy, right now."

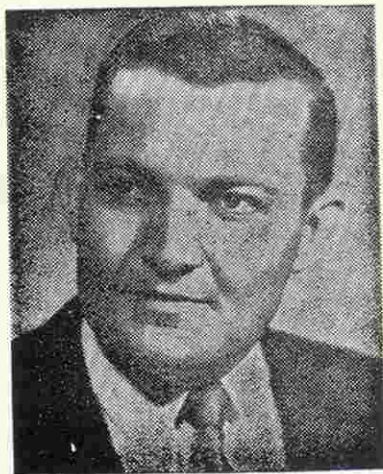

Soon after Bro. Fox left, they took a test on all the people who were in the colony. And every one of them tested negative! Every bit of leprosy was gone!

They kept them around there for six months and ran another test on them

and when that test came back it was still negative! They dismissed everybody in the colony except this man which was standing beside Bro. Morris. He did not have any home to go to so they left him around to take charge of the leper colony until new patients were admitted.

I think that this was one of the greatest answers to prayer. To think that some would say that God doesn't heal today, when there is such a living testimony as this, showing what God has done. If you could see the poor people who are suffering with this loathsome disease it would give you a burden to pray, "Oh God, send laborers into the fields that others might find Jesus and be healed in bodies."

It was our privilege to spend two days in the Bahama Islands. I went throughout the islands and saw many different things. In next month's issue, I will try to tell you all about the trip to the Bahama Islands. (THE END)

GOD BLESSES MINISTRY OF REV. CECIL MCGARRAH

The Cecil McGarrah evangelistic meetings in Klamath Falls, Oregon proved to be a time of refreshing from the Lord. The power of God was manifested by the gifts of the Spirit being in operation at each service.

We praise God for testimonies of definite healings by the power of God. A lady who is a member of the church

which I pastor attended the services. Brother McGarrah offered prayer for her and she testified of being healed of an affliction which had bothered her many years.

HEALED OF DIABETES AND KIDNEY INFECTION DURING MCGARRAH MEETING

On September 3, (1953) my doctor told me I had sugar in my blood and my right kidney was badly infected. He said I would lose my (unborn) baby within a matter of weeks. My heart

was heavy with this news, but I knew One Who would help me.

That night I was in Bro. Cecil McGarrah's service in Klamath Falls, Oregon; my first time to be in a healing line. Brother McGarrah prayed over me and God healed my body that night.

The next morning the doctor took blood tests, but could find no diabetes or kidney infection. I will forever praise God for His great love and for His healing.

HEALED OF CHRONIC BLADDER TROUBLE

I had bladder trouble for 12 years and had an operation, but was no better and the doctor said nothing more could be done. When Brother McGarrah prayed for me I was healed. Praise the name of Jesus! I know all things are possible if we will believe.

DELIVERED OF BACK AILMENT AND FEMALE TROUBLE DURING MCGARRAH KLAMATH FALLS CAMPAIGN

Dear Brother McGarrah:

I had suffered with my back for five years. When you laid your hand on my head and prayed for me, God laid His hand on me too. He healed me of a very nervous condition and female trouble, too.

All thanks to God
