BEER ADS BLAMED FOR FEMALE 'SOTS'

Lexington, Ky.—(AP)—Elizabeth A. Smart, legislative director of the Woman's Christian Temperance union, Monday accused the brewing industry of fostering misleading advertising. She said Americans spurred on by brewers' advertising now consume more alcohol in beer than they drink in so-called "hard liquor."

Miss Sart told WCTU's 80th anniversary convention that facts refute the myth promoted by the beer industry that beer is not intoxicating. She said one of the "unsocial things that brewers' advertising has done" is not mentioning the alcoholic content in beer. "As a result," she said, "we now have a growing number of women beer alcoholics."

"It is time we ended the brewer-created illusion that beer is not an alcoholic beverage, since a bottle of 3.2 beer contains about as much alcohol as a "shot of whiskey," the legislative director said.

Dr. R. Paul Caudill, pastor of the First Baptist church, Memphis, said Sunday night that laws coupled with recruiting people to religion is the first step in "the war on alcoholism and alcoholic beverages."

LOCUSTS THREATEN MIDDLE EAST

The locust menace in the Middle East assumed a serious scale this year. A conference was held in Cairo a few weeks ago, attended by representatives of all the Arab countries, Persia, Turkey, India, Pakistan, and other lands to deal with the problem. An Arab League expert reported that the desert locust was breeding in alarming numbers in Saudi Arabia, Iraq, and Jordan. The Egyptian Ministry of Agriculture said swarms of locusts were plaguing Upper Egypt, particularly in the Assiut and Guirga areas, reminding us of the plague in the days of the Jewish exodus.

QUEENS SELECTED AT CALVARY BAPTIST

Calvary Baptist Church in Oak Cliff gathered 150 strong Sunday for the formal presentation of candidates for "Queen of the Islands."

Candidates were elected within the youth departments a week ago and their presentation was staged in the

auditorium of the Youth Center during the regular youth fellowship period following evening worship services.

Guests were welcomed by E. L. Savage, education and youth director of the church, with the sound of tug boat and ship whistles in the background. The center of attraction was a large table covered in white, holding a six-foot model of a steamer resting on a blue mound of cloth.

The entire scene was spotlighted in blue and with the lights of the ship glowing gave the full effect of looking across the blue Pacific as many wonderful things were announced with regard to the coming Sweetheart Banquet of 1954 for Calvary Baptist Youth and their guests.

In the background the sound of waves washing upon the sand was added to complete the scene as Mr. Savage introduced the theme "Cruise For Twos." The male quartet of the church, L. L. Dooley, Bob Sandquist, Marvin R. Taylor and E. L. Savage, introduced the theme song to the entire group.

Music was furnished by Mrs. Cleo Mesimer, church organist; Moran Doggett, Kenneth Dawson and Delores Emmett, singing typical South Sea ballads to complete the program for the evening.

Candidates were presented to the group by Mr. Savage. They made their way to the stage, decorated with travel posters advertising the cruise.

Candidates were Misses Linda Routt, Almedia Pickett, Sara Butler, Beverly Boyd, Bobby Emmett, Linda Roberts, Rosemary Haedoe, Carolyn White and Cortez Aubrey. Three candidates were unable to be present: Misses June DeVore, Carol Yarborough and Mary Williamson.

The queen chosen from this group will be crowned with native flowers of the Hawaiian Islands. She and her court will receive flowers and leis, flown in from the Islands. To compliment all the ladies attending the gala affair, to be held in February, each will receive a native flower flown in from the Islands.

Guest speaker for the occasion will be James Jeffery of Fort Worth, a former Baylor grid star of 1950 who until recently was star fullback for the

Carswell Air Force Bomber Team.

Guests were served from the lovely service table by Miss Cortez Aubrey and Miss Rosemary Haedoe, both Queen Candidates. Hawaiian punch and sand-tart cookies were served to the group.

Reprint from Oak Cliff Tribune

The above activities are hardly typical of the things which happened in the apostolic church. Peter, Paul, James and John constantly urged the Christians to keep their thought on spiritual things. (Editor)

TEEN-AGERS BLIND ENGINEER

Eye specialists at Baylor Hospital were battling Saturday to save the sight of Elmer C. Heath, 44-year-old Dallas engineer, who was hit in the face with a beer bottle by two teen-agers at a cafe Thursday night.

Heath's left eye is gone and it is feared that he will also lose the sight of the other eye.

Two 18-year-olds are being held for assault to murder in the case.

Mrs. Heath, the injured man's wife, told Saturday how the assault had happened and said three doctors were engaged in an effort to keep the Tower Petroleum Co. engineer from being totally blind.

Mrs. Heath said she and her husband had gone to a cafe in the 2100 block on Abrams with Jerry F. Gleason, a nephew of Mr. Heath.

Mrs. Heath said the trio had finished dinner and were drinking coffee when the teen-agers came in. One of the boys flipped Mr. Heath across the shoulder with his hand and Mrs. Heath told him he "must have the wrong man."

One of the boys flipped a cigarette in Mr. Gleason's coffee, Mrs. Heath said, but Mr. Gleason calmed Mr. Heath down when he became angry over the situation.

The boys left the cafe.

Mr. Gleason was paying the bill when the boys returned and walked toward the booth, Mrs. Heath said. She then related how one of the boys yelled: "Where Elmer?"

When Mr. Heath turned around one of the boys hit him across the eye with a beer bottle, according to Mrs. Heath.

WHO ARE THE LITTLE MEN IN THE FLYING SAUCERS?

A SERMON PREACHED BY REV.

O. L. JAGGERS

(Reprinted by Request)

THIS object roars through the night with flames pouring from squares in the fuselage that looks like windows, yet it has no wings at all. Capt. Clarence S. Chiles and Pilot John B. White describe it, their official report coincides with other sightings over Jackson, Miss., sightings by two southern airlines pilots near Memphis, Tenn., and others near Washington, D. C., all of them genuine. "Suddenly," reported Capt. Chiles, "a brilliant fast-moving object appeared overhead; it flashed down toward us; we veered to the left in our plane and it veered sharply too. It then passed about 700 feet above us. The thing was about 100 feet long and cigar-shaped and wingless. It was bright as a magnesium flare, its exhaust was red-orange flaming, and intense glow came from the edge of it and ran the entire length of the fuselage like a fluorescent light factory. The thing zoomed into the clouds at incredible speed, its jet or prop which was red flames rocked our Douglas DC-3 Eastern Airliner." Capt. Eddie Rickenbacker says these men are utterly reliable men. Remember Mr. Henry J. Taylor says there are two mysteries in our skies tonight. I want to quote more about the existence of flying saucers, that is because there is going to be more of them in the future than there ever has been in the past. And as you all know in the last three months there has been an unusual display of flying saucers across the nation. I quote again, "American military leaders are following reports of flying saucers with utmost concern. There is a flurry of activity at the Pentagon in Washington, D. C., every time information regarding another appearance comes over the wire. Investigators are rushed to the scene, facts are then assembled with meticulous care; all scientific information is obtained from witnesses, such investigations are conducted by groups by the government called "Saucer Teams." The Air Force some time ago organized a branch of the service called Project Saucer, to study cases, gather facts and safeguard vital information, and its files are sealed lest vital secrets be disclosed." This branch goes to the extremes to find out about these unidentified objects, which show that this is a looming problem that the United States is interested in deeply. Conflicting reports from official centers at Washington leads one to believe that a studied effort is being made to keep the facts from the public, because it is presumed that fear and panic are possible. The method used in releasing information about flying saucers from the government suggest a plan to gradually condition the American people for the most shocking news and terrifying announcement the world has ever

known, when the times seems right concerning flying saucers.

A wingless object was checked at the proving grounds at a speed of 18,000 miles per hour, by R. B. McGlothlin, a Navy officer at the White Sands proving grounds in New Mexico. He personally saw these three objects without wings. One was checked at traveling 18,000 miles per hour. He wrote an article about this. Most startling however are the recent reports that come from Washington, D. C. Most significant however are the photographs and reports from our Nation's Capital where flying saucers circled Washington for six hours. The air force called in top scientists to see what they were. I have the photograph

and an article from a Los Angeles newspaper which reads: "United States alerted to flying saucers, top scientist ordered to study sky phenomenon." This article dated July 29 from the United Press states how these saucers swooped in over the capital today and the CAA reported that its radar picked up the flying saucers for about six hours this morning. An official said that the objects were traveling at about 120 mph in a ten-mile arc around the capital building over Washington, D. C. I also have another article that states that a saucer was seen around the atomic testing grounds in Nevada. I could read many more and have them here, but I believe I can tell you this now that flying saucers are clearly foretold in the word of God.

Now I want to show you how that description fits the one given in God's word: 1. The living creatures or the cherubim in Ezekiel, have the appearance of a wheel just like that of a flying saucer. 2. These cherubim or wheel in the middle of the wheel were motivated by the spirit in them, for it was in the wheels. 3. The living creature was as bright as a magnesium flare. 4. They had the appearance of lamps or little lights about or around them. 5. They left a vapor trail about them like the saucers. 6. They flew with super natural speed over Israel as a warning from God. 7. They roar through the skies like the saucers for Ezekiel heard them roar. 8. They left a feeling of fear and awe like the saucers, when they visited Israel. 9. They would have brought panic in their day and the world would have feared had it known their warning. Remember that the wheel in the middle of the wheel or the cherubim or creature had to do with warning the people that God was going to pour out His wrath if they did not repent and turn to God. It has to do with the holiness of God, as outraged by sin on the part of the people, and the Seraphim has to do with the outrage by sin on the part of the Church. The message of the Seraphim in the Book of Isaiah to the Church is Holy, Holy, Holy is the Lord God of Hosts. These have to do with the holiness of God when that holiness is insulted.

'SAUCERS' FILL AIR IN FRANCE

Lyon, France, Sept. 30 (Reuters).—France's flying saucer circus continued to rouse interest around the country yesterday as more eyewitness accounts of "saucers," "plates," and other whizzing celestial objects kept pouring in.

Now a farmer says a creature came up to him on a lonely road, caressed his arm, and burred unintelligible noises at him. Then it went off towards its "saucer," which the farmer could not describe because a green ray was directed at him and caused him to be temporarily paralyzed.

A former artillery observer said he saw a dark gray object hovering over the mountains near Chambéry at about 6,000 feet. He claimed he stopped his car and watched as other motorists joined in looking at the mass which suddenly "shot away like lightning and disappeared."

Two other reports have been received in the Lyon area, but they were only of the old-fashioned "saucer" which gave off bright lights and then suddenly disappeared.

GETTING A NEW DRINK!

BY EVANGELIST JACK COE

(Isaiah 55-1) Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy, and eat; yea, come, buy wine and milk without money and without price.

There are many people today who need to get a drink. They need to renew their consecration to God. They need to pray until they receive again the joy of their salvation . . . which they once had. They need the fountains of living waters springing up within their souls . . . and to feel His presence every hour of the day.

I'm reminded of Samson, who took the jawbone of an ass and slew a thousand. After they were slain, he said, "With the jaw of an ass, have I slain a thousand men."

I like to think of the jawbone as representing Calvary. Christ became a lowly 'jawbone of an ass' . . . that we might have life! With His Son, God destroyed the power of the devil at Calvary.

Samson began to meditate upon the great victory he had won and the things he had done in the past. There are many Christians who look back on their past and say, "Look what I've done! Look at the great victories I have won!" Many preachers can tell you what God used to do through their

lives. They are living on past experiences. Many people tell you how God healed their bodies 20 years ago. They tell how God used to heal their children . . . but now they put their trust in the arm of flesh. They run to the doctors for help. They have slain their Philistines . . . but they have cast away their jawbone. They have turned away from their source of power.

Samson cast away his jawbone. Afterwards, he was sore athirst. He said, "Thou hast given this great deliverance into the hand of thy servant and now shall I die for thirst?"

There are thousands today who are dying of thirst. They need a DRINK! If they don't get a fresh drink from Calvary . . . they will die! I don't care how God moved in your life in the past! You need to get a drink lest you die. There are many denominations today who say, "We have larger churches and finer furnishings than we have ever had. We have done so much for God. We have grown faster than any other denomination." I can see the thousands of Philistines under their feet . . . but they are dying of thirst. They need a new drink.

Samson looked at the jawbone of the ass and water was pouring out. God clave a hollow place that was in the

jaw and life-giving water came forth. Samson drank and his spirit was revived. If your church is dead and dry and you are not seeing signs and wonders . . . you need your spirit revived. You need to get a new drink at Calvary.

JACK, YOU NEED A DRINK!

I was in a meeting some years ago. Brother A. N. Trotter was preaching. When he had finished his sermon, he said, "Everyone here who would like to have the baptism of the Holy Spirit, raise your hand."

God said, "Raise your hand, Jack!"

I said, "God, I have the baptism."

He said, "You need a new drink."

I said, "Lord, look at the victories I have won. Why, I've been preaching the gospel. What would people think of me if I raised my hand and said that I needed the baptism?"

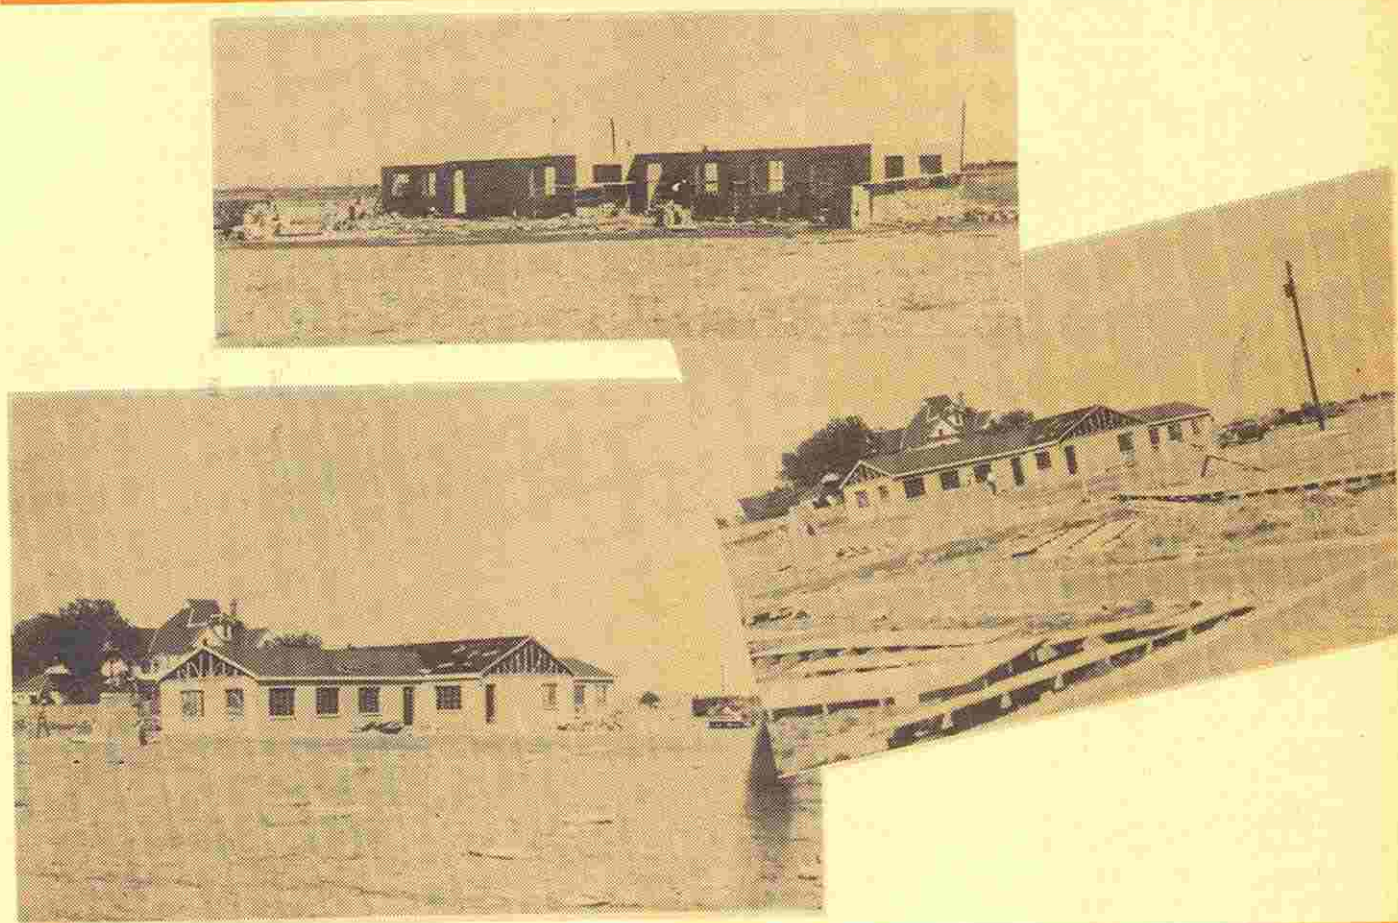

God said, "Jack, you need a drink! You need the baptism as much as some people who have never had it!"

I said, "God, how about the hundreds who have been healed and saved in my meetings?"

He said, "Jack, that's in the past. You need a new drink."

I raised my hand. The evangelist

Help Us To Be in Our New Home by Christmas Day!

The children are looking forward to a wonderful, happy Christmas, here at the Herald of Healing Children's Home in Dallas, Texas. The new home is being built and we are very anxious to move in, because we need more room and warmer buildings. When the crisp holiday evenings herald the coming of Christmas, we hope the children will be living in the large, comfortable new home on the 200-acre farm. This would be a Christmas present that would gladden their hearts more than one could say.

We have been taking in a few children recently, but our facilities are now taxed to capacity. It will be impossible for us to care for any more until we can move. In the photographs above, you can see the progress we had made

prior to October 1. We had hoped and expected to move in by the 15th of October, but financial shortages hindered our progress. We appealed to hundreds of our friends for help and the response was gratifying, but there is still a great need. We must furnish some of the rooms and equip our new and larger kitchen, so we must have continued support.

While the building program is in progress, we must continue to feed and clothe the children. There are many utility bills and workers salaries to be paid, so you can see the need.

Write us today and enclose an offering to support this work. You can help us to bring cheer to the hearts of homeless, helpless little children this Christmas. No offering is too small to

be appreciated. If you have nothing to send, write and tell us that you are standing with us in your prayers. May God bless you is my prayer.

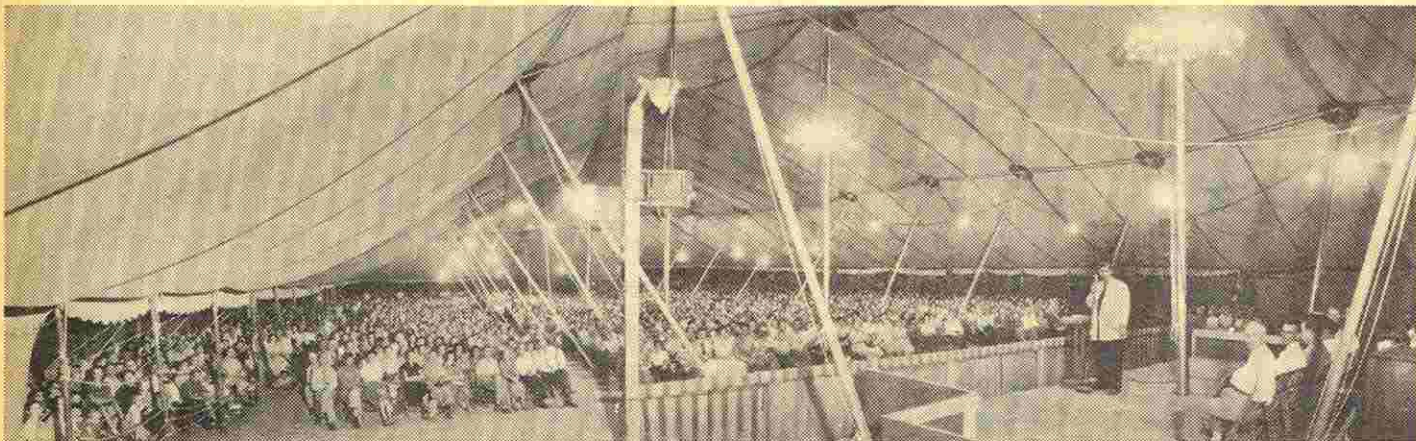

Your brother in Christ,
Rev. Jack Coe.

Rev. Jack Coe

Capacity crowd packs out large tent ... forcing Rev. Coe to move to the huge Freeman tent (See cover)

Thousands came nightly ... packing the tent and overflowing ... as seen in the two photographs above.

Woman rejoices as God heals her body.

Woman with broken hip and arm arises from ambulance bed and walks.

EVANGELISTS JOIN FORCES TO STIR OKLAHOMA CITY!

By Norman Gordon

One of the greatest visitations of God's power to be seen in Oklahoma City in recent years was witnessed by thousands when Rev. Jack Coe and Rev. William Freeman turned their combined efforts against the devil. Rev. Coe started a divine healing campaign in a large gospel tent on September 10 in the same location where he had held the tremendous campaign two years before. (Kentucky and Reno streets.) The tent was designed to accommodate almost three thousand people, but within five days it became apparent that it would not prove adequate. The people were seated in chairs along the outside of the tent, sitting on the fenders of cars and standing everywhere.

One of the major factors in drawing

the crowds were the outstanding miracles which occurred from the very opening night. Many deaf, blind and crippled people received instant deliverance. On Thursday night after the meeting opened, a man with a large skin cancer was prayed for. The cancer fell from his face and was caught in brother Coe's hand. He turned to the ministers sitting on the platform and showed it to them. He then walked out and showed it to those sitting near the front. This occurred as more than two thousand watched. Among others who were prayed for was a woman who had been brought into the tent on an ambulance bed. She had fallen and broken her arm and hip about two months before. After prayer, she was able to arise from the cot and sat in a

(Continued on Page 7)

That Ye Might Believe!

JESUS ENTERS ROOM TO HEAL TB AS BROTHER COE PRAYS

I attended the revival held by Rev. Jack Coe in Oklahoma City in the fall of 1952. At the time I had a terrible hurting in my left lung. I could hardly stand the pain. I did not get in the healing line because I knew that I couldn't stand up long enough to reach the front. Soon the revival was over and I was left thinking, "I should have been prayed for."

My illness grew worse and I lost my voice. I could only whisper by pressing my hand on my left lung. I finally went to the doctor to see what the trouble was. X-rays were made. I was given three days to live, unless the left lung was collapsed immediately.

My daddy came to see me and within a couple of hours, he had mailed a letter to brother Coe, asking for a healing cloth. I soon had the prayer cloth and I laid it upon my lungs. I felt the power of God go through my body from head to foot. I knew that God had healed me.

I was taken to the Western Oklahoma TB Sanitarium at Clinton, Okla. On my arrival there, I told the doctors what had happened. I guess they thought I was crazy.

One night a precious, wonderful visitor came to see me. It was nine o'clock and I turned my radio on. I put the earphones on my ears. Suddenly I heard HIM coming to me. It seemed that He came through the door at the far end of the hall . . . and I felt His presence at the door of my room. Suddenly in the earphones, I heard the voice of Rev. Jack Coe. He was saying, "My I'm so glad to be back on the air to tell you that Jesus loves you. You that are in that TB sanitarium, Jesus is coming down that hall. He's coming into your room. He wants to heal those lungs right now."

AT THAT VERY MOMENT, I FELT JESUS LAY HIS HAND ON MY ARM! It was such a sweet peaceful feeling. I'll never forget it. I knew I could go home. I told the doctor about it, and when my X-ray was made, my left lung was as good as my right and the tests were negative. I have now been home for one year and two months.

I had an examination at the clinic, taken by three doctors. When they had finished, the head doctor turned to the other two and said, "I can't find a thing wrong."

Mrs. O. Q. Singletary
2225 N.W. 42nd St.
Oklahoma City, Okla.

Dear Brother Coe:

Thanks for the gold cross and gold prayer cloths. I sent them to several friends as you suggested that I do.

I thank God for another lady's healing. She was in a wheel chair for 35 years in Mayfair, Pa. She is now well and back with her husband now. He is very happy. I was very surprised when she wrote to let me know. Her husband came and took her home with him. I thank God for her healing. The woman's name is Sussan G. Fischer, 1409 Arch St., Pittsburgh 12, Pa.

Mrs. Margaret M. Weber
P. O. Box 6518
Pittsburgh 12, Pa.

END SHALL COME . . . (from Page 2)
She said the force of the blow was so strong the bottle shattered.

Mr. Heath was rushed to Baylor Hospital where a three-hour operation was performed on his eyes.

The boys fled from the cafe but patrons took the license number of their car. Police arrested them Friday afternoon.

Reprint from Dallas Times Herald

(The article above is a fulfillment of Paul's letter to Timothy in which he said that there would be perilous times . . . when men would be unholy and children disobedient.—Editor.)

Rev. V. L. Morgan, song leader and, James Arnold, organist, at Oklahoma City meeting.

OKLAHOMA CITY MEETING (Continued from Page 6)

chair throughout the remainder of the service. Later I saw her get into the front seat of a car to ride home, apparently healed, and praising God for His healing power.

As the meeting moved into the second week, it became evident that the crowds of people could never be seated under the tent, so brother Coe and Reverend William Freeman joined together in a campaign under the great Freeman tent, located several blocks away. The two alternately preached and prayed for the sick. From the first, the people of Oklahoma appreciated the cooperative spirit and expressed their approval by coming out in greater and greater numbers. By the time the campaign was over, several thousand people were seated under the huge spread of canvas and others overflowed to the streets. The preaching of both of these outstanding evangelists was powerfully anointed and the people were blessed. Thousands came to the altar for salvation. Almost everyone who attended rededicated themselves to the service of the Lord. Truly we can say that this was a Christ-glorifying revival that will long be remembered. The Coe and Freeman evangelistic parties were cooperative in a way that proves that the body of Christ can work together without jealousy.

Rev. Gordon Lindsey, editor of the Voice of Healing Magazine, visits with Jack Coe at Oklahoma City meeting.

HELP US WIN 2,500,000 SOULS FOR JESUS EACH YEAR! IT CAN BE DONE!

God Turns Woman From Stone To Flesh!

By Jackie Rhodes

Jackie Rhodes of Delight, Arkansas

JACK COE HAS ORDERED A HUGE GOSPEL TENT!

One of the world's largest tents, with trucks and vans will soon be delivered!

Brother Coe's Tentative Healing and Salvation Campaign Schedule for 1955 is shown below:

- St. Petersburg, Fla. March
- Jacksonville, Fla. April
- Washington, D. C. June
- Buffalo, N. Y. July

JACK COE CAMPAIGNS

In 1950 my health began to fail! My sickness covered a period of about two years. I had all the symptoms of rheumatism. I became very stiff and sore in my joints. As my joints would enlarge they became very tender. However, I did not have any fever at any time. During the first year of my illness I was up most of the time. We thought I had rheumatism and so did the doctors, but I grew worse all the time. I went to the most prominent doctors in Arkansas and none could find anything organically wrong with me. I had X-rays, fluoroscopes, blood tests, skin tests, and complete check-ups, through one clinic after another, chiropractor adjustments all with no results. I was getting worse as the disease was advancing rapidly. Soon after Christmas in 1950 my doctor sent me to Hot Springs under the treatment of a doctor there to take the baths. This doctor soon discontinued my baths, diagnosed my case and sent me home. By this time we knew I was losing ground fast, and my doctor advised me to go to Mayo's. He made reservations for me to go by plane since I was not able to go by car or ambulance.

After four days of examination the doctors called my sister out into the hall and told her, "We can do your sister no good. You may take her home any time." Twenty-five skin specialists were called in and they could offer nothing. This came as a severe blow to me. I knew it meant a matter of time for me.

Mayo's diagnosis of the disease was "Scleroderma," which is the tightening of the derma skin to the bone, checking all circulation where it sticks. They gave me a treatment of therapy light followed by a cocoa butter massage to try to add to my comfort. This was applied through our family doctor with shots. I grew worse all the time. As the swelling in my feet and hands would reduce, the derma would stick: as it stuck, my skin would itch and turn dark. However, I did not have any skin eruptions at all. I was petrified and dead in parts of my body. My stomach was affected and I could not eat. I took gas medicine before and after trying to eat. Then I would have attacks of gas which would almost seem impossible for me to overcome. I was not able to set up to expel the gas and would smother when they would lay me down. After such attacks I was always exhausted and much weaker. The skin on my chin and cheeks were stuck and one side of my face was drawn out of shape. I could hardly open my mouth for drink or food. I had no appetite. All I ate was soft food and liquids. My hair and eyebrows were coming out. The skin stuck so tight to my bones that the blood could not circulate properly, and I could not feel the change in temperature from hot to cold. I lay lifeless for hours at a time in a deep sleep. The nurse would often tip-toe to my bed to see if I was still breathing. My nurse would apply my therapy and massage twice daily and my skin would become so dry between treatments that it would scale and terrify me with itching.

I could not stand the touch of clothing or bed clothing. I lay for five months with a man's vest on. I had to lay on a feather bed. My knees and arms were drawn until I kept pillows under them for comfort. I could not open or close my hands. I could not hold my head up. When they would stand me up I was in a stooped position. I had to be pushed from the shoulder to sit. My throat was closing up as it stuck, and we knew the disease was in the last stage. I was turning black all over and was mentally ill. I could not think or talk clearly. I was living in a fog. I was not responding to any treatments, and the doctors told my folks that I had but a few days to live. I had lost weight until I weighed only 85 pounds.

(Continued on Next Page)

After we came home from Mayos the doctor said it was not necessary for me to stay in the hospital. He told my sister I would not live too long anyway and to make me as comfortable as possible. I could be given the same treatment and be more comfortable at home. We were fortunate in securing a registered nurse to administer the home treatment. The doctor gave the shots and checked me each day.

THEN WE HEARD OF THE JACK COE MEETING . . . God sent one of his servants to my bedroom to tell us that Jesus still heals. I had never been in a divine healing service in my life. My family was grasping for anything that would save me from dying. Sonny became interested and after re-reading and studying the healings of Jesus in the scriptures decided to go to Brother Coe's meeting. It was all so new to him that he was amazed to see the power of God being manifested in such a magnificent way. Blind eyes were opened, deaf ears could hear, crippled people were discarding their crutches and people were leaving their beds of affliction and shouting the victory throughout the big tent. I said, "Well, Sonny, what do you think about it for me?" He said, "All you have to have is faith." I asked him if he had the faith and he said, "I don't know, mother, but you have."

At first I could not think clearly enough to reason with myself, but I prayed for a clearer mind and faith and asked the Lord to heal my body. The third day my mind was brighter, and my folks and I could talk it over about our going to the meeting. We lived 100 miles from Little Rock, and they didn't know but what I might die on the way. But my sister knew I had only a few days to live at the most and I wanted to go. Our Methodist pastor told my sister to take me to the meeting that there was no limit to the power of God. My son, my sister and I made the trip in the car. They made me a bed in the back seat. My son carried me under the tent, and I lay on a stretcher during the services that night. As I lay there and saw the works of the mighty power of God I thought, oh, can it be for me too. Then Brother Coe came to me—He said, "Do you believe that Jesus can heal you?" I said, "Yes." He said, "Then in the name of Jesus sit up." I pushed back the sheet with my feet and set up by myself. This was the first time I had been able to sit up without help and my sister said she knew then that something had happened. As I set there Brother Coe prayed for me. I do not know all he said, but when he anointed me and said, "Lord, heal this woman from the top of her head to the sole of her feet." I felt the healing virtue flow through my whole body and I knew I was healed. He looked down at me and said, "Do you believe you are healed?" I answered yes. He then said, "In the name of Jesus get up and walk." I did, and have been walking ever since. As I stood I could feel the presence of my sister's hands as she reached forward to help me stand. Brother Coe said, "Don't touch her, she won't fall." I didn't fall either. When I got back to my bed they started to put me on it and Brother Coe said, "Don't put her back to bed, we just got her up." From somewhere came a chair and Brother Coe started talking to me. He said, "You are healed, go home and eat." Those words rung in my ears for several days, because my appetite was gone, my throat was almost closed to, and my organs would not function. But as I could hear Brother Coe's kind voice and I knew he was a servant of God, I knew I must try and try hard.

On my way home, instead of lying in my bed in the back seat, I sat up in the front seat. We got home about 2 o'clock on Sunday morning, and that same morning at 10 o'clock I went to Sunday School and Church. My pastor and church members were surprised to see me, but they rejoiced with me because they knew it was the work of the Lord. My Sunday School teacher told me afterwards that it seemed like she was facing some one from the grave. I looked so thin and black and awful. I had super-strength all the way through. The first seven weeks after I was healed I went to church every night, testifying to my healing. I was born and reared in the Methodist Church but I enjoy going to all churches

(To Be Continued Next Month)

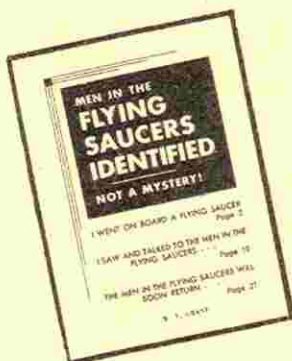

Three Books

they'll be glad to get

ONE STEP BETWEEN SIN AND LOVE

By Rev. Jack Coe

A 48-page book containing four outstanding sermons as preached across the nation. Many illustrations and photos. Attractive cover.

MEN IN THE FLYING SAUCERS IDENTIFIED . . .

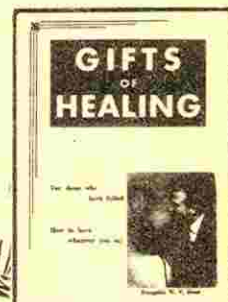

NOT A MYSTERY!
By Rev. W. V. Grant

Scriptural answers to newspaper accounts of men in flying saucers. A clearly written book reviewing the reports in the light of the Bible.

GIFTS OF HEALING

By Rev. W. V. Grant

You can have the gift of healing . . . and see miracles in your life. Learn how to be used of God, with signs following.

He Sent His Word and Healed Them!

HERALD OF HEALING FAITH HOME OPENS

Bro. Jack Coe and other ministers of God will be praying for the sick. There will be no treatments or medicines allowed in the building. It is all an act of faith. If you desire to come to the Faith Healing Home, there will be a reasonable charge for room, board and care while you are waiting on God to build your faith to be healed. We will not be permitted to take any mental cases. Neither will we be allowed to accept any contagious disease cases, but if there is any other affliction that you have failed to get victory over, this is the place you need to come rather than to a hospital. Spirit-filled nurses will be by your bedside to read the scriptures and to pray with you daily. Hands will be laid upon your body, and God will confirm his Word and heal your sick body. This is not an old folks home! This is for sick and afflicted who want healing for their bodies. If you are interested in entering the home, write to Faith Home, P. O. Box 8538, Dallas, Texas, for detailed information concerning rates and conditions.

God's Lost and Found Department

Let your death represent Christ as well as your Life! Express your gratitude to Him in your WILL!!!

IF YOU HAVE CARED FOR ORPHAN CHILDREN DURING YOUR LIFETIME... CONTINUE TO DO SO AFTER YOU HAVE GONE ON TO BE WITH CHRIST! WHAT BETTER CAUSE COULD ONE LEAVE MONEY OR PROPERTY TO THAN THE FUTURE CHRISTIAN GENERATION WHICH WE ARE TRAINING?

Out of the Mail Bag!

Mr. Pierce Brooks,
4703 Ross
Dallas, Texas
Dear Mr. Brooks:

When you gave your wonderful testimony the other night at Jack Coe's meeting, it inspired me very much and I'm sure everyone under the sound of your voice received a blessing too. God will richly bless you further in your business as you keep Jesus a partner with you. And I personally praise God for the courage of men like you to get up and tell the unbelievers (as well as the believers) about the real and living God of this day.

My wife and 16 year old daughter and I had the glorious privilege of attending the evening and morning services from Friday night of this past week end to Monday night, when it ended.

Surely you must receive many letters and phone calls that inspire you to continue earnestly in God's work. It seemed I could not let this day go by without telling you myself.

I'm a member of the First Christian Church here in Durant and have been for the past 20 years. The Deacons and Elders are just as dead as the members. (I'm a deacon too)

My wife is a member of the First Methodist but never attends. My daughter quit the Christian Church about a year ago and joined the Assembly of God Church here and shortly afterwards received the Baptism of the Holy Spirit. Praise God. We had started home Sunday after the morning service but decided to stay over—and when Tommy Hicks was preaching in the afternoon service, I received the Baptism of the Holy Spirit. Praise God for his wonderful blessings.

I have been in the local agency business here in Durant for the past 10 years. I don't know if you are in the fire and casualty, or life, or both, but I felt like I had something in common with you after hearing your testimony. God is my partner too, in my little business, and has been now for several months. He is going to be a bigger and most important partner in the future. He is the same Jesus you have.

May God bless you as you continue to give testimony of His miraculous works.

Sincerely yours—
Wendell Watkins
Box 110
Durant, Oklahoma

(Forwarded to the Editor by Pierce Brooks, prominent Christian insurance executive.)

A Methodist Pastor writes:

Dear Brother Coe:

I get your broadcast here in Baton Rouge, Louisiana quite often. It is a great blessing and inspiring to me as a minister. I pastor a small Methodist church. I believe in holiness.

I work part time selling furniture four days a week. However, I have spent a good many years of my life in the full-time ministry, and I know what it means to do so.

I think that your International Healing Magazine is tops of all the papers I receive. I would not want to do without it. God blesses the messages you write in it.

Two years ago, I came down with sugar diabetes, in the last stage. I had to take four shots of insulin each day, but I have not had a shot now in nearly a year. Thank God for healing power. I am more convinced every day that healing is part of the ministry of the word of God, and the Holy Spirit.

Sincerely in Christ,
Rev. V. E. Coursey

"MEN FROM FLYING SAUCERS"

(Continued from Page 3)

Now who are the little men in the flying saucers? In Los Angeles public library there is a book which has a waiting list of several thousand people, written by a top United States scientist. A man whose name is recognized by everyone as one of the greatest scientists that lives today. A man who had a great deal to do with the splitting of the atom, the uranium and plutonium, to use as a destructive force in the atomic bomb. This book describes 16 little men that had been found and had been taken into custody for three days.

They were questioned, and the average height of these little men was 30 inches. The scientist in this book is guessing that these little men came from the planet Venus, because he said that the planet Venus has the same magnetic as that of the earth. In other words: it would be possible, according to the scientist, for men to live on the planet Venus, for it has the same magnetic

waves surrounding it that the earth has. This book is authentic, and it is a known fact that when these saucers circled Washington, D. C., six hours the government stated that there were little creatures in them that were living. The government will tell you that this is true, for it is recorded there. They were made up of something more than light rays, for radar will only pick up something that is solid. It only picks up a object that is solid, or else that has an electric vibration, which is a scientific term for a human being as in relation to radar. The fastest jets in Washington could not catch these saucers, and when they chased them, they would fly faster than the speed of sound—and they had creatures in them. Radar picked this up. In Mexico 18 little men were taken out of a flying saucer and taken into custody, and for three days they were questioned; they were 30 inches high or less, and after three days they disappeared out of sight though they were locked up in a cell. They suddenly disappeared as into thin air. This is not something fantastic, but is authentic and is the truth. In Australia a flying saucer one-half mile long landed, and it was filled with little men, and some of them were dead, others were alive; they were questioned and after being held in jail for several days, suddenly disappeared. I can tell you why. But before I can tell you who the little men are, I must tell you something about angels.

I want to tell you that angels have bodies. Angels have atomic bodies. In college science teaches us that all things consist of atoms, and it takes two or more atoms to constitute a molecule. It then takes a high powered microscope to see a molecule, and yet according to science and the Bible everything that exist in this world is made of some kind of atom, but the atom is unseen. It has never been seen, yet everything in the world is made up of the atom, the human body, the sun and the earth, the stars and constellations of the sky, the oceans and the wind, everything is made up of the atom. In Hebrews 11:3, by faith we understand that the worlds were framed or made by the word of God, which was Christ, so that things which are seen, are not made of things that do appear. Another version says what is seen, that is everything in the world that you can see, is made out of the unseen, thus saith the word of God. This explains what the little men in the flying saucers are and why they exist. Angels have atomic bodies, in other words they can go through a door or wall without it being open, they can appear and they can suddenly disappear. Angels can appear, and all through the Bible they appeared unto men and disappeared at will, and yet they never have to enter in at a door. Jesus Christ has a body like angels had, for after His death and His resurrection from the grave did He not appear to His disciples in a closed room? Yes He suddenly appeared. He had a body of flesh, yet he

(Continued on Page 15)

NEW DRINK . . . (from Page 4)

said, "Everyone who needs the baptism, come to the front!"

I knelt down, raised my hands and began to praise God. Soon others gathered around me to help me pray. I heard one brother say, "Give God your tongue!" I didn't care about my tongue. I was so thirsty!

Suddenly God gave me a drink. I began to rejoice. One brother came over to the pastor and said, "Here's another man who just received the baptism!"

The pastor said, "That man already had the baptism. That is Jack Coe, the evangelist."

The man turned to me and said, "I'm sorry, brother Coe. I didn't recognize you."

I said, "That's alright, brother. I needed the baptism as bad as anyone at the altar tonight. God gave me a new drink!"

WILL YOU DIE OF THIRST?

We have thousands of born-again pentecostal believers who need to go back and pick up the jaw-bone of the ass. They're dry in their souls. Their power is gone. They need to say like Samson, "Shall I die for thirst?"

Friends, Why don't you get a fresh drink? All ye that thirst, come to the waters and drink. Come without money, come without price . . . come without ANYTHING! If you'll get a new drink, your spirit will be revived. You will receive your healing. Your faith in God will be increased. You will receive new joy and strength! Pick up the jawbone you have thrown away. You need a new drink!

THE END

"MEN FROM FLYING SAUCERS"

(Continued from Page 14)

walked through the wall, for He told Thomas to feel of Him, and Thomas reached out and felt of Him, and cried, "My Lord and My God." Jesus could do this for He now had His angelic spiritual body, yet it was a physical body. Let me tell you that Jesus Christ went through the wall, or appeared through the wall because he had an atomic body. I am glad that science and the Bible are hand and hand, and agree. That wall was made up of atoms and His body was made up of atoms, because everything is made up of atoms. Then the atoms that made the wall, and the atoms that were in Jesus body, just passed through each other and He went through the wall and went in like water pouring through a cloth. The Bible says that the angels have bodies, for it says "forget not to entertain strangers for there by some have entertained angels unawares." Then who are the little men in the flying saucers? They are real beings who

really exist. They are the **theophany**s. I will tell you what a theophany is. A theophany is a physical manifestation of the presence of God to man, by incarnation in a human body or appearance in a human form. In other words a theophany is an angelic being, in the form of a man. The little men are faces and forms of a human being incarnated by a Spirit from God. In Daniel 10:5 we are told how God sent His spirit in the form of a man, and appears and disappears. This angel was a certain man, and his body was like a bryle, and he had arms and feet and his eyes were as lightning, and his voice was like that of a multitude. That description there sounds like the one of the many colored flying saucers. Read Daniel to get a full description of this angelic man. Hence an angel or another supernatural manifestation of God in man is a theophany. This angel in the appearance of a man even talked to Daniel and strengthened him. This explains how the little men are not able to be locked up in jail and remain there. I will tell you why they can appear and disappear, because they are the theophany, and they can change their atomic bodies and angelic being to any size. In Revelation we are told of the time when an angel will come to this earth the size of a giant mountain. He is the angel who will put one foot on the land and the other foot in the sea and will raise a book to heaven and cry, "time shall be no more. In Revelation, chapter 10, this is recorded. Yes these little men in the flying saucers are the cherubim, the angelic beings of God, sent by God to warn the people of the coming judgments. Yes there are angelic beings that can take on the form of a man. In Job, chapter 4, a spirit of God, in the form of a man visited him in the night. Job called it an image. Read it for yourself. He said it was a spirit in

the form of a man, Job's hair on his flesh stood up on his flesh, even though this was a spirit of God in the form of a man. The angels or angelic being, or cherubims, or theophany will come down and walk among men in the coming days. I predict in January that we will see more of these saucers, and once again the little men will be captured and it will make this world to know what their significant is. For they are the angelic beings sent from God and have to do with the holiness of God as outraged by the sin of man. They flew over Israel to warn the people to repent, but they did not repent and they were destroyed, and that was God's own chosen people. Once again God is sending the angelic being, the cherubim and seraphim, to warn the people of this nation that He is going to destroy them if they do not repent. There will be more than ever before, because America has insulted the holiness of God. These cherubims are becoming angry because of God's holiness being insulted. For as God destroyed the wicked cities in the Old Testament, and even the fallen angels that sinned were not spared but were cast into hell and chains of darkness, he will not spare this more wicked world; nor will he spare this land for it is more wicked than Sodom and Gomorah. Soon the day will come when God's wrath will be poured out on this nation and the world unless they repent. And tonight the Seraphim is also angry with the so-called church because it has insulted the holiness of God, by living in its backslidden condition and denying the power thereof. Sin has found its way into the church and the dead valley of dry bones has become a disgust in God's sight. We must repent or be destroyed, yes God is speaking for the last time.

THE END
